

Will the watch you carry stand a test like this?

You might, after properly sealing the case, submit a South Bend Watch to a boiling temperature or freeze it solid in a cake of ice and it would still keep perfect time—chronometer time—under all such tests.

The wonderful South Bend Balance Wheel perfectly adjusts the watch, even to such great changes in temperature.

We will be pleased to show you our line of these guaranteed watches at any time. No obligation to purchase.

My Stock of

**WATCHES, CLOCKS, and JEWELRY SILVERWARE and CUT GLASS**

I selected the goods myself and when I say the LARGEST and BEST—I don't ask you to take my word, NO. Take nobody's word, but look for yourself and I will LET YOU JUDGE who is truthful in the statement they make.

It will be worth your while to Call around, See Them

YOU will find many business men, who will advertise one article at a certain price for bait and when you call they will push something else on you. Be sure and make them SELL WHAT THEY ADVERTISE and at the prices quoted. Others will try to LURE you with 25 per cent discount, all well and good. Get the prices on the goods and go and make them give you the 25 per cent off from the price you can buy at—that is what some advertise—if they don't do it they are frauds.

While looking at the historical Diamonds you will have the opportunity of looking over the **Finest Stock of Xmas Diamonds** with our reputation at the **Lowest Prices.**

AN EXAMPLE OF REPUTATION occurred last month when a man, who lives near La Grande, made a special trip to Condon to buy a Diamond for his wife at **Williams, the Jeweler.**

With the beginning of this HOLIDAY SEASON, also begins my third Christmas season with the people of Condon and Gilliam county. I am pleased to be able to see in my store the same customers year after year, that have dealt with me since my beginning. While I thank them all for their kind patronage I assure you that I will as ever put forth every effort to give them all the same liberal deals that have characterized my business methods. As ever I will do business upon my merits as a business man and the merits of my goods, which have always been THE BEST at the LOWEST PRICE possible, quality considered.

WHAT has it cost to keep your watch running, to say nothing about accuracy?

We know that it would pay you from a money standpoint, to discard the old watch now and get a South Bend Watch that you can depend upon—that is so made that it will stand without variation or repairs, strains twice as severe as it will ever receive at your hands. South Bend Watches frozen in ice keep perfect time. We will gladly show you our line of these watches and tell you why they are best for you.

## Take Your Choice!

You must choose between the Plumber now or the Doctor later.

Millions of microbes have lain dormant in the drain pipes in your home all winter waiting to be hatched out by the first few days of real hot weather. Now here is the point—was that plumbing properly done?—if not right now is the time to see to it, for to put it off is tempting fate. It's cheaper and far more pleasant to pay a plumber's bill than a doctor's and undertaker's. Think it over, but not too long.
