COURT CONDON, NO. 5, F. OF A. MEETS Mondays evening of each month in Armory Hall lodge room. Visiting brothers are requested to meet with us. A warm welcome awaits you.

District Attorney Jerome is now looking for twelve men who did not read the account of the first Thaw trial. If he can find them, they probably will turn out to be the only sensible men in New York.

The statement of the National banks of Portland on December 3rd proved that they had ample cash—more than the most enthusiastic had anticipated. The same is true of banks throughout the State.

October and November statistics for wheat and flour shipments from Portland and Puget Sound ports are particularly interesting as showing the immense resources being converted into actual cash in Oregon and Washington. 7,434,691 bushels of wheat and 640,012 barrels of flour are the exact figures, yet it must be remembered that the crop is only just getting under way in earnest.

The meeting of Oregon business men at the Portland Commercial Club on the 1st, followed by the announcement of Gov. Chamberlain that the present holidays would be discontinued after the 14th, have been the most discussed events of the week. That the representatives from forty communities should unanimously unite in resolutions forcefully expressing confidence in the outlook and financial strength of the entire state is in itself indicative of constantly bettering conditions.

This ought to be the busiest and most fruitful session of Congress in many years. Fortunately it is a long session. There are predictions that it will get away by the first of June, and this being a presidential year, it may be true, providing the members do not get too eloquent. Of course the first and most pressing subject is currency legislation. The President has outlined in his message what should be done, but there are indications that this subject will be discussed at considerable length—no doubt longer than necessary. It is thought the Speaker will not give a chance for the discussion of the tariff. Ship subsidy will get a hearing. The Panama Canal, federal drainage from the Lake to the Gulf Waterway, federal grain inspection and the modification of the Sherman Law are all clamoring for a hearing. The appropriation committees have their work cut out for them—the distribution of about a billion dollars.

Don't miss getting one of those White sewing machines at your own figure. Call at the building formerly occupied by a millinery store across the street from The S. B. Barker Co. store.
