This paper invites communications on current topics of general interest but the editor disclaims any responsibility for statements made in opinions expressed by correspondents.

COURT CONDON, NO. 34, F. OF A. MEETS Mondays evening of each month in Armory Hall lodge room. Visiting brothers are requested to meet with us. A warm welcome awaits you.

Don't forget to date your letters "1908."

A suggestion has been made that Speaker Cannon might incorporate some of the Marquis of Queensberry rules as a part of the governing etiquette of the present house.

An exchange recounts the case of a Missouri man who sued for a divorce because his wife threw onions in the well and naively wondered "how he found it out." The chances are that this is one case where a man from Missouri did not have to be shown.

One of these women's suffragists has discovered that there are 30,000 women in New York who support their husbands. We have always thought that something to New York's advantage would eventually be discovered.

Last Sunday was the fifty-third Sunday in 1907, an occurrence which will not happen again for 110 years, but by that time most of us will be paying the penalty or reaping the reward for the manner in which we spent the extra day of rest.

People born in the latter part of this month were born under the influence of Aquarius, the water carrier. The question arises, "Do they always follow this influence?"

The month of January derives its name from the god Janus, who had two faces looking in opposite directions, and the reason it was named thus was because from its situation, it might be considered to be retrospective to the past and prospective to the opening year.

The year of 1907 was a record breaker in Gilliam County and what is true here is an index in a proportionate degree of every county in the state and even of the territory between the Rocky Mountains and the Pacific Ocean, for this great section is the most prosperous part of America and will continue to be so. The increase in manufactured products and sales of merchandise were considerably greater than in 1906. No other year has brought so great an immigration. The exports and imports, the products of the dairy, wheat and stock ranches, those of the orchard, and every other resource by which prosperity can be strengthened, prove an unprecedented growth and if we will only shake of this temporary impulse to hedge, 1908 can be made a still greater year.

Lost—An army belt pin. Has the insignia of the U. S. Army on it, spread eagle etc. Finder please return to this office.
