

Will the watch you carry stand a test like this?

You might, after properly sealing the case, submit a South Bend Watch to a boiling temperature or freeze it solid in a cake of ice and it would still keep perfect time—chronometer time—under all such tests.

The wonderful South Bend Balance Wheel perfectly adjusts the watch, even to such great changes in temperature.

We will be pleased to show you our line of these guaranteed watches at any time. No obligation to purchase.

# HAPPY NEW YEAR

WHAT has it cost to keep your watch running, to say nothing about accuracy?

We know that it would pay you from a money standpoint, to discard the old watch now and get a South Bend Watch that you can depend upon—that is so made that it will stand, without variation or repairs, strains twice as severe as it will ever receive at your hands. South Bend Watches frozen in ice keep perfect time. We will gladly show you our line of these watches and tell you why they are best for you.

I WISH to thank my patrons and friends for their kind patronage during 1907, and especially during the Holidays, which have been the largest in years and beyond expectation. I wish to say that the same business methods which have made my business the most successful in Eastern Oregon, will continue to govern in 1908. As ever I will make my motto,

"THE BEST GOODS AT THE LOWEST PRICES."

Again thanking you and wishing you all a happy New Year, I am  
Yours respectfully,

WILLIAMS, THE JEWELER  
AND EXPERT OPTICIAN.

NOTICE—I wish to say to my optical patients who have been asked to wait until after the Holidays on account of the rush, that they now may come. Those from the country, where it is possible, will oblige me by sending in a postal card in advance telling me the date they are coming in, that I may reserve a place for them.

# WILLIAMS THE JEWELER & Expert Optician

## NEWS OF THE WEEK

Harold Hunt left yesterday to attend the University at Eugene.

J. E. Burdette of Arlington came up last evening to attend to some legal business.

Geo. Parman returned last evening from White Salmon where he spent New Year's. It seems that George makes quite a few trips down there even when there are no New Year's dinners to be eaten.

W. Brunzel came in yesterday from a several days visit to Portland on business. While away he also spent a few days with friends at his former home in Roseburg.

A. S. Thomas of Clem attended to business matters in Condon Thursday.

Leland Steiwer and Tom Hoover of Fossil were in Condon yesterday afternoon. They left this morning for Eugene where they attend the University.

Mrs. C. W. Lord, who has been visiting with relatives in The Dalles during the holidays, returned to Condon Tuesday evening.

The work of putting crushed rock on Main street is progressing rapidly and the thoroughfare already presents a much better appearance. When the entire width and length of the street is covered with a good coating of crushed rock Condon will have as good a street as any city in Eastern Oregon.

Morrow county has been getting busy during the last few days endeavoring to rid itself of a number of bad characters that had been filling up the county jail during the past month. Deputy Sheriff Mallory left Hesper Thursday morning with three men who had broken into the Lexington depot and who will spend a term in the penitentiary, the deputy also had in tow a young fellow who will make the reform school his home for the next three years.

Henry Wilkes of Spray was a Condon visitor this week. While here he made a pleasant call at this office and renewed his subscription to The Globe. He will leave tomorrow for a few weeks visit in Portland.

W. A. Campbell returned Tuesday evening from a two weeks visit to Portland and The Dalles.

The prizes which were given away at Wasson's Cash Grocery were drawn by the following persons: First prize, silver tea set by Emil Dams; Second, a violin by R. A. Searcy; Third, a barrel of flour by Mrs. Ed. Spencer, and the fourth, a box of cigars by W. F. Allen. However as Mr. Allan does not smoke it is considered a rather good joke that he should draw a prize that he was unable to use.

The Minnehaha lodge of the Rebekahs held election of officers on Wednesday evening. The following were installed: Mrs. P. P. Jarvis, Noble Grand; Miss Ella Clark, Vice Grand; Mrs. J. B. White, Secretary, and Mrs. J. J. Portwood, Treasurer.

Mrs. H. Weber and two daughters left Thursday noon for a visit in Condon.—The Dalles Optician.

C. L. Condon made a business trip to Condon Friday.—Hood River Glacier.

On Wednesday evening a crowd of merry serenaders, armed with tin cans and pans, horns, whistles, etc., surrounded the house where P. P. Jarvis now lives and endeavored by making night hideous to show their appreciation in a good, old-fashioned charivari, of the marriage of "Bob" Fitzwater and Pauline Cochran, who were supposed to be staying there that evening. However, after serenading for an hour in a manner that caused the inhabitants within half a mile to think that the Indians had again taken to the warpath, and without eliciting any response from the couple, they withdrew from the scene saying, "What's the use."

Frank Hollen of Pine Ridge, was a Condon visitor a few days this week. He reports conditions in his neighborhood as being very good.

J. F. Reisacher has lately installed a gasoline engine to run the machinery. He now has an up-to-date shop in every way.

Miss Addie Hollen is attending school in Condon.

Miss Nell Welsh, who was in Condon during the holidays, returned to Arlington Monday morning.

J. H. Amend and Mrs. Matilda Gingar were quietly married Monday evening at the home of the groom in this city. Elder A. J. Moore performed the ceremony. The bride arrived Monday evening from Texas, where she formerly lived.

Stuart Campbell sold his interest in the Thistle Bar saloon last week to his brother and partner, Jas. Campbell. He left the latter part of last week for Wyoming, where he expects to enter into business. Mr. Campbell is having the building lowered to the ground. Wm. Watson is doing the work.

### Football Game Was Called Off.

The football game between Condon and Fossil, which was scheduled to take place on New Year's day, was not played, for the reason that at the last minute word was received from Fossil that they could not get their team together. There is something decidedly funny in the way the football situation between these two teams has been worked this season. First the Fossil team challenged the Condon team to meet them at Fossil in three days and the Condon boys wishing to oblige them and get the season started, picked up a team, played them and were beaten, 6 to 5. The Fossil boys promised to play a return game in a few weeks, but after the Condon team had defeated the Weston boys, they refused to play, giving no excuse except that the boys there did not wish to meet the Condon team at that time. Then again on Thursday of last week they challenged the Condon team to meet them at Fossil on the following Saturday, giving only two days to get in readiness. It was finally arranged to meet in Condon on 'New Year's day, but on Monday morning the Condon boys thinking the weather would be too severe to get a crowd to make expenses called the game off. However, when the weather had moderated on Tuesday the local team, although having no practice at all, thought it best to meet them regardless of expenses and accordingly phoned for them to come and received the reply that they would, but later they called up and said that it would be impossible for them to come. It seems that Fossil is determined to have the best of it when these two teams do meet, but be that as it may, if the Fossil team ever meets the Condon boys on an equal footing they will come to the conclusion that they do not know the game and will probably wish they had never heard of it.

The building on the east side of lower Main street, formerly occupied by the Belvedere saloon is being torn down and the lumber used elsewhere. The building, on account of its age and general state, was considered unfit for use.

Abe Meresse, the managing editor, returned Thursday evening from a two-weeks visit with relatives and friends in Forest Grove, and is again holding down his position in this office.

J. C. Thrall, agent for the National Live Stock Insurance Association, was in Condon a few days last week paying those who have recently lost animals which were insured in the company.

E. M. Larkin returned the latter part of last week from The Dalles where he recently sold two combine harvesters. He reports that he is doing a better business now than ever before.

John Walker purchased seven head of mules in the vicinity of Fossil last week.

A party was given the Junior Endeavor of the Congregational church at the home of the pastor on Friday evening of last week. About thirty-five members were present and a very enjoyable time is reported.

Mrs. McCune and two daughters of Portland, who spent the holidays with Mr. and Mrs. M. P. Wilkes, returned to their home Monday morning. While here Mrs. McCune had her eyes fitted by C. H. Williams. Her daughter had her eyes fitted while visiting here last summer and speaks most highly of Mr. Williams' ability as an optician.

The Congregational Sunday School held an election of officers Saturday afternoon. The election resulted as follows: President, G. E. Ohsfeldt; Secretary, Miss Tula Kinsley; Organist, Miss Zaida Sweetin.

### Gasoline Traction Engines

Are fast coming into use and ranchers are finding out their good points. The International Harvester Co. has added a traction attachment to its engines and during the past two years has tried them out and found them to be a grand success. They are so simple that it is not necessary to hire an engineer, anyone of ordinary intelligence being able to operate them. The company will carry a large stock of them at Portland and a large supply of repairs as well. Their prices are some hundreds of dollars less than any other traction engine on the market and the freight charges much less. They are fully guaranteed by the company and you'd better see Hunt the Hardware Man before buying any other kind.

Dr. Madison has left with Hunt, The Druggist, his wonderful rheumatic cures, see his notice elsewhere in this issue.
