## INTERESTING NEWS FROM OUR COUNTRY NEIGHBORS

### LONEROCK NEWS

**May Put in New Water System—K. of P. Preparing for Big Time on Feb. 19th—Calves Killed by Coyotes.**

Lone Rock is still on the map and its people are as jovial and contented as can be found in any village in the inland empire. The weather being especially propitious and spring-like, many people took advantage of the weather and good roads to come to town. The hotel DeWilliams seems to be a busy place under the hospitable management of J. F. Stewart.

A. Neel has about completed his cottage on Water street and has moved into it for the winter. His daughter is attending the public school which is under the management of Mrs. Wells of Condon.

I. C. Bennett has made some substantial improvements on his property on Second St. and now has a commodious and neatly arranged home.

James and Joe Hayes, prosperous stockmen of Morrow Co., have been visiting their mother, Grandma Hayes, the last few days but will leave for home in a day or two.

Mrs. P. L. Ham has moved to town and has her daughters in school. Gladys, who was so badly burned, has about recovered.

Mrs. Clarence Neel and Mrs. John Rasmus of Heppner have been visiting old friends and making new ones in our midst for a few days.

George Perry started to Portland Sunday morning where he goes to take his daughter, May, whose eyes have given her a great deal of trouble of late. She will be under treatment of a celebrated oculist and her friends hope for her speedy recovery.

Superintendent G. T. McArthur who has many friends in this city was seen on our streets a few days ago. He made a visit to the public school.

Mrs. A. B. Stanley has been quite sick but is able to be around again.

There is talk of a new water system to furnish water for the city. This will be a boon to teetotalers and others who drink water as they will no longer fear germs and contamination as in the past.

Lone Rock has a flourishing Sunday school and young people's Endeavor which are well attended. I hardly think there is an Endeavor in this part of the state where greater interest is shown.

Frank Andrews, our genial jeweler, wears a broad smile. When questioned as to the cause of his unusual jocularity, he said, "Well, it's a boy and he weighed five pounds with his winter clothes on; set out the cigars Doc, it's my treat." Mother and child doing nicely.

The K. of P. are making preparations for an entertainment to be given on the 19th of February. Part of the program will be a grand ball and the Lamb Bros. have been engaged to furnish the music.

J. E. Foss has returned from Heppner where he went with a shipment of beef cattle for H. S. Neel.

Chas. Phegley has taken a position as foreman with Nat Scott.

A number of our young men went to Hardman Friday night to attend the dance.

The Lone Rock store has received a large shipment of groceries and are selling as cheap as the same class of goods can be bought at railroad towns.

Coyotes or some other kind of a "varmint" has killed several head of calves for J. A. Mote during the last few nights.

A man by the name of McNutt has bought the Mote farm formerly owned by John M. Brown.

More Anon, Scribbler.

### MIKKALO ITEMS

**Everybody Busy—Carload of Hogs Shipped to Portland.**

Harvey Thomas shipped a carload of fat hogs to Portland last Monday.

Mrs. Ranquist of near Pendleton visited her sister, Mrs. Jno. Mikkalo several days last week.

M. E. Cotter of Eltopia, Wn., was in Mikkalo on business this week.

Miss Pearl Titus visited at Olex the first of the week.

Mikkalo Bros. are hauling straw this week and getting ready for spring work.

The B. G. Whee Co. shipped a car of wheat to Portland Thursday.

Elmer Mikkalo left for Pendleton last Monday to visit with relatives.

Geo. Smith came down from Condon Wednesday morning.

Jno. Wienert and Fred Murray were in town Tuesday.

Chas. Wester went to Portland Wednesday on business.

### AJAX NOTES

**Successful and Interesting Meeting of Igo Grange—Beef Cattle Taken to Condon**

The Igo Grange is still flourishing. Saturday was a very interesting day as the new officers were installed and a very interesting program was given. Several visitors were present during the installation and program. There were also several new applications for membership.

Oscar Simmons' children, who were on the sick list, are improving.

Harry Palmer delivered some beef cattle in Condon the first of the week.

**Mayville Grange Dedicates New Home.**

On Wednesday the new home of the Mayville Grange was auspiciously dedicated with the proper grange ceremonies. The occasion was attended by a large number of local and visiting grangers. Dinner was served at noon and a social dance was enjoyed by the younger members in the evening. All report a good time.

Full details of the business session will be given in next week's issue, the matter having arrived too late for this issue.

Condon—largest primary shipping point in the world—is now on the map. The glad tidings which were announced last week by the Globe have been taken up by papers everywhere and the "good word" has been scattered broadcast.

## URGE CHILD TO ATTEND SCHOOL REGULARLY

Parents Should Co-operate with Teachers—New Song Books Received—Preparing for "Parents' Day."

Parents are requested and expected to co-operate with the teachers in securing punctuality and regularity of pupils, as on these depend the success of the child in any walk of life. See that your child is in school all the time that school is in session and if it does not advance, the teacher is responsible, but if it is in school at irregular intervals then you as parents are responsible, for under our present school system it is essential to advancement that the child be prompt and regular. These truths were demonstrated in our recent examinations wherein all pupils who had been regular and studious received excellent grades and their work will compare favorably with the work of any school in the state, while not so much can be said of the irregular pupil.

Several books have been added to the reading table; we also have a number of new song books, so if you wish to hear some excellent singing, call in at any of our regular assembly mornings.

Mr. Sturgill gave Roy Nendle of Clem the eighth grade examinations last week.

Sidney Hawson, Eunice Ebberts, and Fred Rice, did excellent work in our current events period at assembly.

Our average daily attendance has been decreased considerably this month owing to sickness. It appears that when one child is able to come back, another will take sick and be absent.

Mrs. Wade of Clem visited our school Tuesday to note the work being done in the fifth grade.

Mrs. Searcy has accepted the position made vacant by the resignation of Miss Laura Simmons.

Teachers and pupils are making preparations for a "Parents' Day" exhibit and exercise which will be given some time in the near future.

J. D. McDermitt of Wasco was in town on business the first part of the week.

Dr. Gavey made a call at Blacklock this week. He is attending J. W. Enberg's son, William, who is quite sick.
