Those who join the library must pay \$1 for the first book and upon return of that they may take another for only 25 cents. Mr. Jackson will make arrangements with the publishing houses for every new book that makes its appearance and thus the library will be kept up-to-date. This will be a rare treat for the book lovers in Condon.

Mrs. Clara H. Waldo of the State Grange, in her talk before the Short Course students at the O. A. C. a few days ago, very pointedly stated the advantages of more co-operation among the women of the farm. Many ways were mentioned in which the farmer's wife might be made happier by a little co-operation. At one home the sewing for the neighborhood could be done; at another the baking and at another the laundering. This plan would greatly economize labor and give the farmer's wife a little time for recreation and reading, for gardening or floriculture. If the bread didn't happen to be baked just as mother baked it there would be the compensation that the neighbors would get together more and come to feel that there are other duties as well as pleasures than the baking or eating of bread.

G. T. MCARTHUR.

To the Voters of Gilliam Co.

This is to announce that the undersigned is a candidate for the nomination for County Clerk on the Republican Ticket at the coming primary election to be held April 17, 1908.

In asking the support of the people of Gilliam county for this office, which is one requiring clerical ability, strict integrity and diligent application to the work connected therewith, it seems but proper and right that I should give those voters with whom I am not personally acquainted some references as to my fitness for the position. To those I would respectfully refer my record as Assistant Postmaster at Condon, Oregon, during the past six years, a position which requires, like that of the County Clerk, a most exacting attention to details and accurate clerical work.

Soliciting your support in the coming elections, I am,

Yours very truly,

CHAS. H. HORNER,
Condon, Oregon.
