Smut Cleaner a Success

J. W. Dyer of Mayville has been experimenting with a new Smut Cleaner. After fanning his wheat the same as always heretofore, he put it through the Smut Cleaner and the amount of smut, weed seed and trash that came out of his "clean wheat" was a surprise to him. At the same time the application of the formaldehyde was more perfect than before and the waste much less. The sacks were not saturated and he thinks his seed will not heat in the sack as is common with seed that is dipped in the liquid while in the sack. These Smut Cleaners are sold and guaranteed by HUNT THE HARDWARE MAN.
