The April showers which have fallen during the past week or ten days, although light, have undoubtedly helped the growing grain wonderfully. In portions of the county the farmers have been complaining of the dry condition of the ground but on the average the conditions are very favorable for another big crop in Gilliam county.

During the past week we have overheard on the streets many slurring remarks concerning Scarletmont, the trotting stallion owned by M. Helsley, and as the horse is advertised in this paper we wish to correct these ill-natured statements. Scarletmont is the best bred trotting stallion in the county and in fact his breeding is second to none on this coast. He is the sire of three colts which are now at the Vancouver track for which colts their owner has been offered \$500 each and refused. Scarletmont is a great sire and these little spiteful knocks which some people have been throwing at him simply show their complete ignorance of everything pertaining to horseflesh.
