COURT CONDON, NO. 4, P. O. A. MEETS Mondays evening of each month in Army Hall lodge room. Visiting brothers are requested to meet with us. A warm welcome awaits you.

Steps are to be taken to add the Oregon & California land grant, if recovered by the United States Government, to the irreducible school fund of this state. Superintendent Ackerman will head the movement to have the Oregon delegation in Congress take steps to have such a grant made as soon as the land has returned to the ownership of the United States. The land was granted by the Government to aid the development of the State of Oregon through the building of a railroad. It is said that the railroad company has sold part of the land for practically enough money to make up the total to which it would be entitled at the maximum rate on the whole grant. Having refused to carry out the terms of the grant and aid in the development of the state, the company has no further claim on it. The best use this land can be put to is to turn it over to the public schools of this state. The improved condition of our public schools would very appreciably aid in the development of the state.

Market days are being held in many towns at the present time throughout Eastern Oregon and the same are proving very successful. The first of a series was held in Heppner on last Saturday and the town was crowded with people from the country and lots of money changed hands on that day. The sales included horses, farming implements, saddles and other articles and the prices received were very satisfactory to those who brought goods to be sold. Wherever these market days are being held goods are being disposed of in short order and they are considered not only a convenience but a great benefit to the community. We suggest that the proposition be taken up in Condon and that regular market days be held here in the future.

Although the President has experienced a nominal defeat in his contention for four battleships instead of two, it is known that the compromise by which it has been agreed that two battleships of the largest size shall be added to the Navy every year, resulting in twenty new battleships for every decade, is really as much and more than the President's contention. This program of adding twenty battleships every ten years will make the Navy of the United States second to none on the planet except that of Great Britain and will enable the country to keep two powerful fleets, one on the Pacific, the other on the Atlantic coast, and will at least secure our home defense beyond peradventure. With the completion of the Panama Canal, there would, of course be means for the rapid transfer of naval strength to either coast, or it could be quickly assembled at the Isthmus if it should be necessary to defend that waterway.

Illinois proposes to outlaw love making by telephone. A little taste of prohibition reform appears to have turned Illinois' head completely.

The Commercial Club of Walla Walla has passed resolutions urging the railroad companies to grant a one-fare rate for the round trip, by continuous passage between points in interior Washington and Oregon and the seaside resorts of these two states. This organization has requested the Commercial bodies of Eastern Oregon, Washington and Idaho, as well as the Portland Commercial Club, to pass similar resolutions. It is hoped that favorable action may be taken by all, as the people of the interior should be given the opportunity of visiting the coast especially during the summer months, at the least possible cost.

Everyone in this vicinity should make an effort to hear the lectures to be given by the members of the Oregon Agricultural College from the platform of the O. R. & N. demonstration train at the depot on Tuesday, May 12, between the hours of 8:15 and 9:15 a. m. The men who are to speak on the subjects of summer fallow, chemistry of the soil, horticulture, rotation of crops, animal husbandry and general culture methods, are all specialists in their work and will give valuable information, both instructive and of great benefit to the farmers of this territory. The train will also stop at Clem between the hours of 9:45 and 10:45 the same morning. Do not forget the time and let us all make a special effort to be present.

RANCHES FOR SALE—Geo. Hardie's fine sheep and cattle ranches were placed on the market for sale this week. These ranches are among the best in the county and are in a high state of cultivation. Lots of water, wood and grass. Houses and barns ideal for small profitable homes; prices range from \$8 to \$10 per acre and may be had on reasonable terms. Most of the ranches contain excellent plowland and are ideal for cattle, sheep, wheat and hogs. For further particulars call or write E. Curran, Condon Real Estate Agency, over post-office, Condon.

SERIOUS RESULTS FEARED. You may well fear serious results from a cough or cold, as pneumonia and consumption start with a cold. Foley's Honey and Tar cures the most obstinate coughs or colds and prevents serious results. Refuse substitutes. Condon Drug Co.
