CONDON, OREGON, FRIDAY, MAY 22, 1908.

NO. 9.

HEADQUARTERS AT CONDON

Wasco County Electric and Power Company Plans Line of Work.

TO INVADE THE INTERIOR

Electric Line from Condon to Be Used for Shipping Ore, Coal and Other Resources of Central Oregon.

Organization of the Wasco County Electric & Power Company was effected in this city on Monday evening a few hours after a large delegation of Portland people and other persons interested in the movement arrived. As proposed the company will invade the Deschutes and John Day Valleys with an electric line that will commence in this city going south to Fossil, thence to Antelope, Madras and Bend. Branches will be built to Howard and Dayville. At the meeting held in this city it was decided to commence getting the right-of-way at once and construction work will begin as soon as possible from this place to Fossil, cars to be run first by means of a donkey engine. At the same time big water plants for generating electricity will be constructed on the Deschutes and John Day rivers.

The capital stock of the company is named at \$3,000,000, and as several offers have already been made by Eastern capitalists for the floating of the \$15,000,000 in bonds, there is no doubt but that the work will be carried on to early completion.

The main object which the company has in view and which will be the one important factor for the building of the road, is the use to which it will be put in shipping out the ore and coal in which the company is interested in the great central Oregon country. A smelter is to be installed at the mouth of Trout creek, where the ore will be gotten ready for shipment. The coal beds south of Fossil will also furnish a share of work for the road.

The building of this line will build up Condon and vicinity to such an extent as it has never been before and will develop the vast territory south, which has had practically no outlet for its untold wealth and resources. The fact that Condon is to be made the starting point as well as the headquarters for this large enterprise will mean the greatest boom that this town has ever experienced and will be the making of a city twice as large within a few years.

The promoters who are heading the movement are Oregon men, with the exception of C. D. Charles, who is from the East. They are all men who have been watching the tremendous growth and strides of this section of the state and know the future of such a venture.

The officers of the company elected here Monday evening are: G. S. Carpenter, the Fossil banker, president; Dr. H. I. Keeney, Portland, 1st vice-pres.; R. L. Hunt, Condon, 2nd vice-pres.; W. H. Greinstaff, Portland, 3rd vice-pres.; E. P. Schow, Portland, secretary; C. W. Lord, Condon, asst. sec.; F. T. Hurlburt, Condon National Bank, treasurer; R. L. Donald, Portland, general manager; J. C. Stevens, Portland,

superintendent; D. R. Parker, Condon, C. D. Charles, eastern capitalist, Mark W. Gill, F. S. Munn, O. B. Hathaway, H. J. Martin, Portland, directors.

GILLIAM PEOPLE MARRIED

Murphy-Billings

A very pretty wedding took place in the parlors of the Oregon hotel on last Saturday evening when Rev. T. F. Murphy of the Congregational church of this city united the lives of Albert F. Murphy of Thirtymile and Mrs. Effie Billings of Lone Rock. The marriage was a quiet one, witnessed only by Mr. and Mrs. Charles Phegley of Lone Rock, the latter being a sister of the bride. The young people are well known throughout the southern part of this county and will make their home on the Frank Crawford ranch on upper Thirtymile, which the groom has rented. The Globe joins their many friends in wishing them success through life's journey.

Boyer-Carter

Joe Boyer and Miss Edna Carter were united in marriage on Monday morning at six o'clock in the presence of immediate relatives, Justice Wheeler officiating. The happy couple left the same morning for a few days visit in Portland when they will return to make their future home in Condon.

The bride is a young lady well and favorably known in this vicinity and has for some time been making her home with her sister, Mrs. U. S. Carnine at the Palace Hotel. The groom is the proprietor of the skating rink in this city. The Globe joins in congratulations and best wishes for the future.

Titus-Vining

Earl J. Titus and Miss Martha C. Vining were united in marriage on Monday last at the parsonage of the Congregational church by Rev. Murphy. The bride is a daughter of Abner Vining of Ferry Canyon. The groom is a logger and the young people left Tuesday morning for Springfield, Ore., where Mr. Titus will be employed in the future.

Ladies' Club Entertains.

The final card party of the Ladies Five Hundred Club was given last Friday evening at the home of Mrs. F. T. Hurlburt when the members entertained their husbands and friends. The evening was delightfully spent in playing "500" which resulted in the awarding of the prize for the largest score of the evening to L. E. Laurance. Mrs. Hurlburt, assisted by the members, served a dainty lunch of ice sherbet, cakes and other delicacies. Those present were: Mesdames F. T. Hurlburt, C. W. Lord, Laurance and Wann; Misses Wood, Welsh, Greiner, Ranney, Brehaut, Smith, and Lillian Ranney; Messrs. Lord, Laurance, Hurlburt, Meresse, Pattullo, Robinson, and Parman.

Remember the twenty per cent discount sale on graniteware and blue and white enameled ware now being held by Hunt the Hardware Man.

\$10 an acre for a fine stock ranch of 1000 acres with over 300 acres of wheat land. See E. Curran over the post office. Good buildings, fine orchard, lots of water, well fenced and within 3 1/2 miles of Condon. \$2,500 down, time on balance.

STATE GRANGE IN POLITICS

Opposes Single Tax Amendment—Favors University Appropriation.

The 35th Annual Session of the Oregon State Grange, which met in Eugene during the past week, is reported by the delegates who attended from the local granges as one of the most successful ever held. They were united in speaking the praises of Eugene as an entertainer and of the hospitality shown them by her citizens. All the delegates were given free transportation over the electric lines of the city, banquets were given in their honor by both city and university, in fact nothing was too good for the Grangers.

Mr. and Mrs. J. R. Wells represented Igo Grange, and Mr. and Mrs. C. J. Quinn, the Mayville Grange.

The grangers were unanimous in favor of the University appropriation. They opposed the single tax amendment, declaring it too radical; made up a fund of \$500 to defend the Initiative and Referendum law; and endorsed the local option and truancy laws. McMinnville is to be the next meeting place.

ITEMS OF LOCAL INTEREST

On entering the office of the Balfour Guthrie warehouse at Arlington Tuesday morning, Henry Theissen, local manager of the company, discovered the safe open and the cash drawer gone. That the robbers are experts is shown by the fact that they worked the combination. They then pried out the cash drawer and made good their escape. Checks were not taken. No trace of the thieves has yet been found.

C. C. Cook returned Tuesday from the Twin Falls country where he went some time ago to look after some irrigated land. He also visited for some time in Boise and expects to return with his wife to that country after a short visit in the valley.

The roll call of the Congregational church on Tuesday evening was a pleasant affair with 25 or 30 members present. Some business was gone through and committees appointed. The latter part of the evening was devoted to a social time and refreshments.

The total registration of Gilliam county to date is 898, which is 74 less than two years ago.

Bob Irvin was here Tuesday. He tells us that he has just returned from Condon where he went to haul a new saw mill for Trent & Cress, which they will soon have in operation near Richmond.—Mitchell Sentinel.

Mrs. Unruh, W. C. T. U. lecturer, will speak at the Congregational church Sunday morning and evening.

Condon and Gilliam county has received the honor of providing one of the presidential electors from this state in the person of R. R. Butler of this city. This is the first time this section of Eastern Oregon has been recognized by the politicians of the state-at-large and we join Mr. Butler's friends in congratulations for receiving the large vote for this position of trust and honor.

The finest carriage ever sold in Condon was drawn out of Hunt's carriage emporium last Tuesday by C. A. Lovgren of Eight-mile. Albert certainly knows a good thing when he sees it.

Mr. and Mrs. P. L. Duncan are enjoying one of Hunt's best carriages. They were in from Ferry Canyon on Wednesday.

D. R. Parker is having his lots in Mann's Addition fenced with Pittsburgh Perfect fencing, which is adapted to everything one wants fence against. See Hunt the Hardware Man about some for your lots.
