

## PEOPLE WIN SWEEPING VICTORY

Statement No. 1  
Legislators in  
Control.

**BURDETT, DISTRICT ATTORNEY**

Mariner and Jackson Defeat  
Donnelly and Pike—  
Bowerman Goes Back  
to Senate.

With the exception of the United States senator the entire Republican state ticket has been elected. The senatorial contest has been won by Geo. E. Chamberlain. Returns show that H. M. Cake carried 18 counties and Chamberlain 15. The democratic candidate's majority is estimated at 1,200. There will be 34 statement No. 1 representatives and 19 senators in the next legislature. The election of Chamberlain is expected since a majority in the legislature is 46.

After one of the most animated political campaigns ever conducted in the district consisting of Gilliam, Sherman, and Wheeler counties the candidates on the Independent Ticket won an easy victory over the "Big Four" Republican candidates. Senator Bowerman alone was re-elected. The defeat of Messrs. Donnelly and Pike by an Independent Republican and a Democrat both running on a Statement No. 1 platform was decisive. The decided triumph of James E. Burdett over Mr. Collier was perhaps the most surprising for the attacks made upon the Arlington lawyer were as fierce as the opposition dared to make them.

Complete unofficial returns in Sherman county give Burdett a lead of 52 over Collier; Bowerman leads Edwards by 162; Donnelly has 330, Pike 293, Jackson 405, Mariner 449.

Returns from Wheeler county give Bowerman 408, Edwards 307, Donnelly 340, Jackson 285, Mariner 315, Pike 260.

The successful county ticket is composed of good men who are desirous of giving Gilliam county a clean, business-like administration. Republicans and Democrats have been elected and the sentiment of the voters appears to have been the choosing of the man and in that event the Republican who had the required qualities had a little the best of it. The re-election of Rogers as sheriff was expected by those who knew the public pulse. He has made a conscientious officer and deserved a second term. Mr. Portwood would have made a good sheriff but the splendid record of his opponent was too much for him to overcome. Wells who ran against Campbell had a popular man to beat. Colby Clarke who was the aspirant for the treasurership was competing against a man who has made good in a number of responsible positions, an old resident and a genial fellow, J. A. McMorris. The race for the clerkship was interesting because both candidates had a host of friends. Schilling belonged to the minority party and Horner being Republican won the day. B. T. Snell was re-elected commissioner because he has given general satisfaction. A number of candidates had no opposition and polled big votes.

For County Surveyor  
Joseph Whyte, Rep 21  
Wm. Cook, Dem 32

### Memorial Day Observed.

Memorial Day was observed in a quiet manner in Condon since there is no Grand Army organization here to give the day the historic and patriotic significance attached to it in larger cities where elaborate exercises are held in keeping with the occasion.

While there are but few veterans of the Civil war living in this city, the time-honored custom to strew flowers over the graves of the departed dead was not forgotten by the people of Condon. Both cemeteries were visited and the mounds beneath which loved ones are sleeping were made fragrant with beautiful flowers.

At the Congregational church Sunday morning, Rev. T. F. Murphy preached a patriotic sermon appropriate to the day and spoke feelingly of the heroic deeds of the soldiers who took an active part in the late unpleasantness with the South and drew lessons from the soldier's implicit obedience and faithfulness to duty.

### New Ice Plant.

The new ice plant which is being installed here by the Condon Meat Company will be completed within a few days and by next Monday Mr. Harrison expects to be able to supply the people of Condon and vicinity with the purest frozen product ever placed on the market in this section of the country. A six-horse power gasoline engine has been installed to run the compressor and other machinery which will turn out one and one-half tons of ice every twenty-four hours, although the tanks have a capacity of 4,500 pounds. It is Mr. Harrison's intention to double the capacity of the output of ice if the demand requires it.

The storing room of the meat market has already been connected with pipes from the plant. Had it not been for the delay occasioned by the shipment of belts and other accessories the plant would have been in operation this week.

### Holding Meetings.

Elder F. Keeler, of Portland, a missionary of the Church of Latter Day Saints, is holding a series of meetings at the local church of that denomination which will be continued during the coming week. The theme of his addresses for the week is the "First Principles of the Gospel of Christ." He is assisted by A. J. Moore and J. H. Amend.

Elder Keller is a pioneer and bears the distinction of having built the first house on the Umattilla river at a point about three miles southwest of the present site of the town of Echo. He took part in the history-making period of the state of Washington and in 1857 was running a pack-train for the United States government and established the old log fort at Walla Walla, a strategic point known in the early warfare against the Indians. For twenty years Mr. Keeler has been a missionary traveling throughout Oregon and California. His present work is to visit the churches of his denomination bringing to them good cheer.
