

ITEMS OF LOCAL INTEREST

Mrs. C. E. Kennedy of Arlington is the guest of Mrs. Farr.

Mrs. John Crane, of Mayville, left Wednesday morning for a short visit at Hood River.

Mrs. A. J. Shelton left Wednesday for a visit in Portland with her daughters, Mrs. Pearl Jarvis and Mrs. C. C. Cook.

E. Curran, of the Condon Real Estate Agency, who went to Portland last Monday on some big land deals returned home Wednesday evening.

Mrs. Brehaut and daughter Miss Gertrude left yesterday for a visit in Portland after which they will go to the coast to enjoy the sea breezes.

Miss Evangeline Snell who has been the guest of relatives in this city for the past month, returned to her home in Arlington the first of the week.

Mrs. J. E. Stevens and sister, Miss Mabel Barker were passengers on the local yesterday on their way to White Salmon to visit with relatives.

Earl Murphy, son of Rev. Murphy arrived this week to spend the summer. He has been in attendance at Oberlin College, Ohio, and will return there with his brother this fall.

J. C. Hardman and family left yesterday for Albany where they will remain for a week or two. They will then go to their summer camp at Cascadia Springs for several months. Mr. Hardman does not know as yet where he will locate.

Roy Blakeley, the popular second baseman on the Condon nine, left for Pendleton Tuesday morning where he will be employed in a drug store. Mr. Blakeley ordered several copies of The Globe to keep alive on things athletic in Condon.

Miss Belle Ranney left on Monday morning for a visit at the old home in Corvallis expecting to be away for a month. While at home at Corvallis, Miss Ranney will take advantage of the two weeks summer school for teachers.

Miss Bessie Counts who has filled acceptably the position of deputy in the county clerk's office under Pearl Jarvis, the retiring clerk, for the past six months, left for her home near Goldendale, Wn., on Tuesday morning.

G. E. Ohsfeldt who has been manager of the Gilliam County Milling Co., is to remove to Portland the last of the month. It is possible that Mr. Ohsfeldt will engage in the real estate business with one of the prominent firms of the metropolis. It is not certain who will be appointed to fill Mr. Ohsfeldt's position as manager of the local milling company. Mr. Ohsfeldt tendered his resignation as superintendent of the Congregational Sunday-school. He and his mother will be missed greatly in local church circles.

Mrs. Walter Golden went to Albany yesterday for a visit.

A bright baby boy arrived at the home of Wm. Head, of Rock Creek, early this morning. The mother and child are reported as doing finely and the father is the happiest man in the neighborhood.

The farm house of Murtha & Monahan was destroyed by fire on the evening of the Fourth. Just how the conflagration started is not known. The dwelling was practically consumed when Mr. Murtha returned from the fields. Practically nothing was saved. The house was about nine miles from Condon.

John Miller, a shepherd, rode sixty miles to have a Condon physician dress an ugly wound resulting from the accidental discharge of a revolver while out in the mountains. The shot took effect in the large muscle of the leg a little below the right knee inflicting a long and ugly wound. Drs. Wood & Gavey attended the injured man.

The S. B. Barker Co. believes in all kinds of improvements and in the neat appearance of everything connected with its big store. After having painted the exterior of the building and showing forth the firm name in large letters, it has placed on its delivery runs a neat delivery wagon with a top. The firm name is inscribed on each side of the wagon box.

A. P. Walker, of Portland, arrived in the city Thursday to take the place of O. H. Marble, as engineer of the electric plant. Mr. Marble left this morning for a month's vacation in Vancouver where Mrs. Marble is visiting her parents. Mr. Marble has earned a well-deserved rest having been on the straight night shift at the plant for 13 months and 9 days. It will be remembered that Mr. Walker installed the electric plant in this city nearly three years ago.

The instrumentation of the Arlington band which did much to enliven the celebration was as follows: Cornets, Mrs. J. D. Brown, Dr. C. E. Kennedy, Mr. Santo, W. B. Fisher, Earl Snell, Altos—R. S. Lamoreaux, Miss Eva Emrick, Miss Edith Clark. Tenors—Alfred Skei, Nordert Laughridge; Clarinet, John Madden, Jr.; Slide Trombone, Mrs. C. E. Kennedy; Baritone, Wilbur Wade; Tuba, Dick Bowen; Drums Dr. L. L. Taylor, Elmer Irvine. Mrs. Brown is the leader of the organization and Dr. Kennedy acts as manager.

The patriotic exercises held at the skating rink on the Fourth were marred by the accident sustained by Jeff Linnville who was seated on one of the benches that gave way because of the excessive weight imposed upon them. Mr. Linnville was sitting with his legs under the bench and when the sudden crash came the whole weight fell on his right foot resulting in a contusion. The injured man was driven in Cook's automobile to Dr. Gavey's office where attention was given to the bruise. It may be a week or two before Mr. Linnville can attend to his duties on the farm.

W. J. Bryan was nominated by the Democratic convention at Denver on the First Ballot.

County is Dry.
Holding that the charter of Condon does not supersede the local option law, Judge Littlefield quashed the writ of review instituted by G. W. Raper. Unless an appeal is taken and upheld by the supreme court the county must remain "dry."

Straws from the Wheat Fields.

Crops in the Clem region are not faring as badly as at first reported. Wherever the land was clean and well cultivated and fall grain sown the crops are doing reasonably well and fair yields seem assured. Harvesting on some of the Clem ranches began the first of the week. In the Condon neighborhood the harvest will not start for two weeks.

Wheat growers have apparently been unduly scared over crop prospects. Reports for average crops have reached this office; naturally it is difficult to resign oneself to a mere average crop after the bumper yield of last year. Frank Moore brought to town more wheat samples from his ranch, the middle of the week. They made up as fine a bunch of wheat as could be desired and promises to go 25 bushels to the acre. Al Moore also was showing some wheat practically as good. Other farmers in the Globe office said that their wheat looked just as good as that of Mr. Moore's.

Interesting Council Meeting.

Council meeting to be held Monday evening promises to be interesting. The Wasco County Electric company will ask for a franchise over certain streets in Condon; the vacancy caused by the resignation of Councilman Hardman will be filled; a successor to Arthur Schilling who filed his resignation as water rent collector will be chosen; a number of the saloon men will ask for a refund of part of their license money. The Condon Electric company may ask for new rates on street lights. With the summer season on and the closing of the saloons the local company has lost a considerable revenue and it may be compelled to shut down at midnight.

Gone to the Mountains.

A crowd of Condon boys left Wednesday morning for a week's outing and general good time in the mountains of Grant county. The destination of the party is Wall creek which is famous for its scenery as well as its shady nooks. The party was composed of Paul Balsiger, Ralph Ellsworth, Doc Graham, Jim Stevenson, Lester Beeson, Earl and Victor Delashmutt. Kenneth Welsohns, of Clem, joined the merry-makers.

Communication.

To the Editor Condon Globe,
Dear Sir: Kindly allow me space in your prominent paper to correct a statement made that, if left uncorrected, might reflect on my integrity. Mr. H. W. Pauling made the statement to Mr. W. Jost, of Clem, that I had taken the authority on myself of making the program issued by Mr. R. L. Hunt and myself and that the same was unofficial. I wish to state right here that the program in question was given to The Globe reporter by the (official) committee themselves who were appointed for that purpose, and that Mr. Pauling knew this and was not telling the truth when he made the statement and I can prove that the above statement is absolutely true as I had nothing whatever to do with getting up the program. With thanks for the space, I am
Yours Respectfully,
CHAS. H. WILLIAMS

I may gouge you a little on ten cents worth of nails or a two-bit pocket knife, but if you are paying over a \$3.75 rate for nails by the keg, or \$5.25 a hundred fee, for half inch galvanized pipe, —or if you are paying more for any of the large articles than I sell them for, you are biting your own nose off with a very sharp knife. If you want to "save" dollars, and your money at the same time, trade with Hunt, Gavey & Co. Man.

THE GLORIOUS FOURTH
