School Exhibit.
The public schools of Gilliam county will not participate in the school exhibit to be held in connection with the district fair at The Dalles. Much as this move is to be regretted, it is imperative, because the schools will scarcely have entered in their work for the new school year. Superintendent Sturgill may decide to make an exhibit of the work of the Condon and Gilliam county schools at the Mayville fair. The fair is a local institution worthy of patronage.

Kenneth and Marsh Welsohns went to Clem Wednesday morning to "watch Clem grow," as Kenneth remarked. The boys have been harvesting in this vicinity for several weeks and since that time a residence has been erected and two buildings are in process of construction. Had they remained away longer, the boys fear they would not recognize the old home.

At The Dalles.
Large, posters have been scattered throughout this section for the annual fair to be held at the Dalles, October 6 to 10, inclusive. The posters are replete with attractions, some of which may not take place but if the fair of a year ago is taken as a criterion there will be plenty of amusement for all. The king of Oregon street fair entertainers has again secured the contract "to deliver the goods" in the amusement line and will have charge of the street carnival features. Besides the fruit and livestock exhibits there will be broncho riding contests and a rather attractive racing program will appeal to lovers of horse flesh.
