CONVENTION A SUCCESS

Condon Man Returns from Cincinnati.

"Oregon" Williams Proves to Be Live Booster for Condon and Beaver State.

"Back to Condon, yes back to the Wheat City, and it feels mighty good to be at home after several weeks' absence." Thus did Chas. H. Williams, Oregon's delegate to the convention of the National Retail Jewelers Association, greet a Globe representative, on his return from Cincinnati.

"Did you enjoy the convention?" "You know it. It was the greatest convention in the annals of the association and some 6,000 jewelers and more than 1,000 active and working delegates were in attendance. We talked 'shop' and the addresses discussed subjects of particular importance to goldsmiths and the craft in general. Cincinnati entertained us royally and the entertainment committees did all they could to make our stay enjoyable in that beautiful city."

Mr. Williams was again signally honored by his fellowcraftsmen who by acclamation chose him vice-president of the national association. He proved a live booster for the Beaver state and Condon and became known as "Oregon" Williams and in the reports of the convention given by the Cincinnati Enquirer the Condon man was referred to by that title. At the hotels he registered as from Condon, when asked where he hailed from he replied, "Condon, the Wheat City." He also found time to scatter hundreds of little folders setting forth the resources of Condon. It was "Oregon" Williams who was chosen to make the presentation speech of a beautiful loving cup the gift of the association to the retiring president. The banquet was a most elaborate affair and was held at the sumptuous Sinton hotel where the banquet to Taft was tendered some time ago, the menus being identical.

Mr. Williams visited a number of Eastern cities where he was called by business interests. He made the trip home by way of Salt Lake City where he spent some time sight seeing. He was in the fearful wreck which occurred on the line of the Rio Grande a little over a week ago, in which the engineer and fireman were seriously injured on account of an explosion of the locomotive. Mr. Williams was in the observation car at the time of the catastrophe and was the first to reach the injured trainman who laid prostrate, his face covered with blood.

"Oregon" Williams brought home a collection of interesting and attractive souvenirs and curios from the places he visited during the trip.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. Condon Drug Co.

There'll be a "dog killin' bee" here in the future; the fellow that kills the most curs, will be given a cake of Limburger cheese, from Jost and Phillips. "There are good reasons for having this 'killing bee'". On last Tuesday night

something got away with three cakes of Limburger cheese out of Jost and Phillips' cellar. The cur dogs of the town were tried and found guilty of murder in the first degree. They were fined their life or a speedy get-away, never to return. So there'll be something doing most any minute now.

John McEachron is the busiest man in town these days. Several days ago he borrowed a spray pump to kill chicken lice, but now the question arises who is going to work the pump?

The Interior Whse Co. shipped 2,000 sacks to their house at Schuttler.

Mrs. S. C. Dodson returned from Condon Monday morning.

Mrs. Chas. Bullard was in town the first of the week. W. A. West was in town after sacks and twine last Saturday.

Messrs. Thiessen and Robertson of the Balfour Guthrie Co. drove down from Condon last Sunday.

Jost and Phillips have installed a new lighting system in their place of business.

Miss Annie Bracket of Madison Maine is a visitor at the home of her sister, Mrs. J. C. McEachron of this city.

Miss Tessa Larkins arrived at Clem last evening and is visiting at the home of Mrs. McPherson of this place.

Mrs. T. G. Johnson of Condon and Miss Pearl Schott of Rock Creek were in town Tuesday evening. Mrs. Johnson seemed very highly impressed with the future prospects of this place.

Mrs. Jarvis Passes Away. The funeral of Mrs. Maud E. Jarvis was conducted from the Baptist church in this city last Sunday afternoon and was attended by a large number of friends and acquaintances who gathered to pay the last tribute to the memory of a noble woman. Mrs. Jarvis died at her home in Ferry Canyon on last Saturday at the age of 20 after suffering from an attack of typhoid of two weeks' duration. She leaves a husband a three year old son, and a little baby of four months. Mrs. Jarvis was born a few miles east of this city and was favorably known to large number of people as was shown by the many who attended the last sad rites. Rev. E. Curran officiated and the interment took place in the Masonic cemetery.

When such men as T. C. Lammon of Beecher Flat, Albert Lovgren and Perry Warren of Gooseberry, Henry Hartman north of Condon, and F. M. Vincent of Rock Creek, all buy CLARKS' DOUBLE ACTION WEEDERS of Hunt, the Hardware Man, in one week because they are satisfied they are getting the best WEEDER in the market, why don't you give the matter some thought Mr. Rancher, and come in and see about one for yourself? They are just as good for you as anyone else on Earth.

We have more machinery and wagons, buggies and hacks than all other dealers in Gilliam County combined. We are selling more too. Why? The qualities and prices of Hunt, the Hardware Man, tell the answer. Come and try us friend, and you feel better for it.
