

PETITIONERS TOO LATE

Wheat Growers Protest Against Shipping Rates.

GILLIAM FURNISHES SIGNERS

Railroad Commission to Hold Hearings at Wasco and Pendleton on its own Motion.

Grain shippers on the main line of the O. R. & N. railroad from Haines to Seufert's and upon the Pilot Rock, Elgin, Shaniko, Heppner, Condon branches and the Washington division have, according to a Portland paper, filed a complaint with the state railroad commission against the existing schedule of rates and ask that a reduction of at least forty per cent be declared by the commission, after formal hearing of the same has been had.

The complaint is made in the name of George Peebler, of Pendleton, through his attorneys James A. Fee and A. J. Slater, and embodies practically the same allegations as those set forth in the complaint made by the railroad commission, upon its own motion and hearings have already been set for Pendleton, Sept. 23 and Wasco, Sept. 22.

This comes too late to be made a part of the Pendleton hearing because of the time limit fixed by law in which formal notification shall be made to the defendant railroad companies before a hearing can be set.

This complaint herein referred to grew out of the petition circulated throughout Gilliam, Wasco, Sherman, Umatilla and other counties. The individual who circulated the petition in this county made his headquarters in Condon for about two weeks and had nothing to do with warehouse men or reporters. All the time the petitions were circulated in the wheat belt the newspapers did not mention the movement which started from the "Prohibition City." In Gilliam many farmers eager to get a reduction in wheat shipping rates placed their names on the petition and are interested in the outcome.

Who Wears the Button?

Taft buttons are much in evidence here, due to the activity of the hustling, energetic members of the Taft Republican Club of Condon precinct. Lithographs of Taft and Sherman are to be seen in Condon.

Among the Democrats County Judge Dunn was the first to display a large Bryan picture in one of the windows of the Dunn Bros. store, but it is County Treasurer McMorris who wore the first Bryan button in the town.

Cattlett-Baker

E. J. Cattlett of Wasco Co. and Mrs. Mary B. Baker of this city were united in marriage in The Dalles on Tuesday, September 15. They left The Dalles for Salem to attend the State Fair after which they will go to Portland or Vancouver where they expect to reside in the future. Mrs. Cattlett is well known in Condon, having conducted the Star Boarding House for some time, and both have many friends with whom the Globe joins in wishing them a happy and successful future.

Pioneer Passes Away.

Another esteemed pioneer has crossed the great divide. Mrs. J. P. Greiner passed away at the home of her son, Paul, Monday night at 10 o'clock. Although ill but a short time with internal trouble, the fact that Mrs. Greiner was in her 84th year made it difficult for her to rally. Her maiden name was Katherine Eggloff and she was born in Lorraine, France. She came to this country when eighteen years of age, settling with her parents at Detroit, Michigan, where she was later united in marriage to John Paul Greiner. During their residence in Detroit, fourteen children were born, five of whom are still living. Later the Greiners moved to Kansas where Mr. Greiner died after which Mrs. Greiner removed to Oregon settling in this county where she lived up to the time of her death. The five surviving children are Andrew, Paul and Catherine, of Condon, Mrs. Riley of Portland, and Mrs. Brandon of Wallowa county. The funeral services were held at the home of Paul Greiner Tuesday morning at 9:30 and afterward at the Catholic church of which Mrs. Greiner had been a devoted and life-long member. Rev. Father Cantwell conducted the services and his sermon was an eloquent and touching tribute on the memory of one of the most honored and loved of Gilliam county's pioneer families. The interment was in the Catholic cemetery. The attendance was large and the floral tributes were many. The Globe joins in extending heartfelt sympathy to the bereaved family.

MORROW COUNTY SHEEP MEN BUY SALT CHEAP

Sixty Tons of Utah Salt on way to Heppner—Will Save Six Dollars a Ton.

Morrow county stockmen will make a big saving on salt this fall since many of them have been allotted 10,000 shares in the Association Salt Co., of Ogden, Utah. This was brought about through the efforts of the Oregon Woolgrowers' Association at its last annual meeting held at The Dalles. The Idaho sheepmen are also interested in these salt mines.

Says the Heppner Gazette: A shipment of 60 tons has been ordered and is now on the road. W. B. Barrett, the well known sheep man, is looking after the shipment. The salt will be laid down in Heppner at about \$14 per ton. The former price was from \$20 to \$22 per ton.

Young Man Shot Accidentally.

John Boyce, of Olex, was seriously injured by the accidental discharge of the shot gun he was carrying while out hunting on Wednesday. In attempting to get over a fence, the gun was caught in such a manner as to discharge it. The shot took effect on the right side about the breast inflicting a deep and ugly wound and injuring the lung.

Dr. Wood and Manager Swafford, of the Condon Drug Co., rushed to the scene of the accident in an automobile. Dr. Wood performed the operation which was all the more difficult because the gun was loaded with shot.

LOST—Clasp Pin flag-shaped with letters P. R. C. and crossed oars. Return to this office and receive reward.

School Year Opens

School days are here.

The school bell rang clear and loud Monday morning and called Condon's children to their school work for another year. The attendance on the opening day was gratifying to all concerned.

There were 150 pupils enrolled yesterday in the various grades, which is 20 more than the same day a year ago. The pupils have taken up their work in earnest and among the lower grades there is marked enthusiasm and the newness of the experience is urging the little folks on to do their best.

In the High school there are twenty pupils and five more will enter next Monday. As soon as the class work will be in good running order, a literary society will be organized. If a suitable hall can be secured, it is possible that a girl's basket ball team will be formed with Miss

Thiessen one of the new instructors in the high school, as coach.

St. Thomas Aquinas school began the new school year with an increase in attendance and conditions favorable for an excellent record. Before the end of the school year, this growing institution will be in its handsome new home. All the instructors have not yet resumed their work at the academy.

City Superintendent Sturgill is pleased with the prospects for the new school year and believes that the attendance will be considerable larger than a year ago. He gave out the following announcement: "Beginning Primary children shall be admitted during the first month of each half year, and then only when 6 years of age before the end of the half year in which they enter."

WHO'S WHO AND WHAT'S WHAT?

HERMAN W. PAULING

PIONEER DRUGGIST AND JEWELER

Proprietor of the store which does and has, ever since its birth, stood behind the goods with a bona fide guarantee.

This is the store where your dollar is worth 100 cents in trade all the time.

The store which offers you the largest variety of the best goods at the lowest price.

Where mail and phone orders are executed with promptness and dispatch.

Prescriptions and family recipes compounded carefully and reasonably, and only by an experienced registered pharmacist.

Watches Repaired,

regulated and returned to you within 48 hours from the time received. When sending valuable watches or other jewelry to us by mail, we would prefer to have you register same.
