

## SECOND ANNUAL MAYVILLE GRANGE FAIR IS BIG SUCCESS

### Happy Crowds Throng to See Splendid Agricultural and Live Stock Exhibits—Condon Wins Baseball Game—Football Game 0 to 0.

The second annual county fair has passed into history as the most successful ever held under the auspices of the granges of Gilliam and Wheeler counties. The fair closed Friday evening with an old-fashioned dance where jollity reigned supreme as scores of dancers tripped the "light fantastic" bidding the big event farewell.

Proverbial Mayville hospitality was everywhere in evidence and the visitors were made to feel at home while in the thriving town.

Splendid exhibits, big horses, fine fruit, clean sports and happy crowds—these were the features of the county fair.

#### Fine Exhibits

Congressman Ellis in his address complimented the fair management on their efforts and the unqualified success of the enterprise. Dr. Jas. Withycombe who has attended fairs held in every county in the state, praised the agricultural and livestock exhibits in no uncertain terms. Such comments mean much to those who worked faithfully to make the fair a success and give renewed encouragement for the preparation of future fairs. The wheat exhibits for a dry year demonstrated the fecundity of the soil of Gilliam county and the fruit displays were a revelation to those who did not know that this county can produce fine fruit. The exhibits in the hall were not so numerous as last year but the quality was equal in every respect. Rock Creek fruit growers had exceptionally fine displays and the high land orchards of the Ferry Canyon and Mayville districts astonished the Willamette people who for the first time saw the possibilities of this section for orcharding.

#### Next Year—What?

The executive board of the fair was pleased at the interest which Condon citizens showed in the fair, on both days strong delegations of Condonites were in attendance. Thursday, the Condon boosters with badges printed in red, white and blue, were at the fair shouting for the good Grangers, and the enterprising citizens of Mayville and boosting for the Wheat City. They were there, thirty strong. There were others from Condon, too. Some of the Wheat City enthusiasts believe that the fair should be held here next year as the accommodations for visitors would be more adequate and the fair could be reached easier from Willamette valley and eastern Oregon points because of the railroad. Grounds and an exhibit pavilion, a harmonious, pull-together spirit will be necessary.

#### The Music

The Mayville Cornet Band contributed to the enlivening of the occasion. The instrumentation of the organization is as follows:

Bass drum, Finley Thomas; drum Gertie Edwards; cornets, D. T. Santo, Harry Santo and Jay Mayfield; trombones, Glen Santo, John McConnell; tuba, Bert Edwards; Mrs. McConnell, alto; Fred Stinchfield, baritone; Mrs. P. Stinchfield, tenor.

#### Timely Addresses.

The speaking at the fair was full of interest. Congressman Ellis made the address on the opening day. He said that these county fairs were the means of raising the standard of husbandry. They promote rivalry and rivalry engenders the desire to excel. Excellence in farming means profitable and more pleasant farming. Judge Ellis received a warm greeting as he arose to speak. At the conclusion of the address the applause was hearty and prolonged. The addresses of Dr. Withycombe, Prof. Scudder, and Prof. Lewis were timely and of interest. The lack of space prevents further comment on these addresses.

#### Declamation Contest

At the close of the address by Prof. Scudder, President Quinn announced the recitation contest. The contestants acquitted themselves creditably. The judges were Dr. Jas. Withycombe, Miss Thacker, and Miss Dodson. In the class over 18, on any subject, F. L. Laughrige, 1st; Mrs. Marvin, 2nd. Laughrige gave Wendell Phillips' oration on Toussaint L'Ouverture. In the other classes, Miss Theo Thomas and Miss Lethia Thomas won first places in the respective classes under which they competed.

#### Athletic Events

Before the baseball game, a number of events were pulled off with the following results: Foot race 50-yards, 1st A. Beeson, 2nd Ainslie. 220-yard, Lester Beeson, 1st. High jump, L. Beeson, first; Broad Jump Lester Beeson, first, G. S Taylor, 2nd.

#### Ball Games

The baseball game between the Condon and Mayville teams on Thursday afternoon resulted in a victory for the Wheat City by a score of 5 to 3. For the first few innings the game was slow and the rooters not very enthusiastic but during the last five innings both teams played good ball and the rooters ginged up. The batteries were: Condon—K. Welshons and H. Fitzmaurice; Mayville—Beeson and Graham. There was no "kicking" on the decisions of the umpire, John Anderson.

The football game on Friday afternoon resulted in a tie, the score being 0 to 0. The Condon team, however, had the better of it, having the ball several times within a few feet of their opponents' goal. The Mayville aggregation was very heavy, averaging about 185 pounds but this weight was offset by the speed

of the Condon team which averaged about 140 pounds to the man. Both teams showed the lack of practice. Mr. Prosser of Fossil, refereed and gave general satisfaction.

#### Some of the Awards.

On account of the many entries the committee has not yet made a complete list of the awards. The complete list will appear in the next issue of the Globe.

Among the awards were the following; Percheron Stallion—Lloyd Parman, 1st; Henry Wilkins, 2nd. Percheron Mares—Lloyd Parman, 1st. Mare with foal by side—Lloyd Parman, 1st. 1-year-old, male or female—Lloyd Parman, 1st. and 2nd.

8-horse draft team—L. Couture, 1st. Team driven to buggy—Claud Randall, 1st; Wm. Dunlap, 2nd. Mule colt—John Madden, 1st. Jack—John Madden, 1st. W. J. Edwards received awards on his entire family of Herefords.

#### In the Art Department

One of the attractive things in the art department was an oil painting representing a hunting dog in retrieving attitude, holding in its jaws a pheasant. The dog reveals intelligence and the plumage of the bird is rich. It was painted by Mrs. B. F. Butler.

Mr. Santo of Mayville, had a splendid collection of photographs on display.

There were some clever and pretty designs in needle work in the embroidery department.

Tip Mobley of Rock Creek was a Condon visitor Wednesday.

Don't forget the Taft and Sherman rally next Friday night.

Taft and Sherman headquarters have been opened across the Barker building on Summit street, with Hon. Gus Danneman in charge. Taft literature will be distributed and voters are urged to call.

### ANOTHER "PAULING" ENTERPRISE

Herman W. Pauling has added to his Drug and Jewelry Store a room 6x28 feet, and fitted up the most complete, modern, up-to-date Optical Parlor in Eastern Oregon. It is in the charge of

#### —DR. A. A. KEENE—

who is a graduate from two of the best Optical Colleges in the United States. He also has a diploma from a Horological School. Mr. Pauling has also installed another Watch Repair Bench as he found that one man could not handle his much increased repair work. With two benches and two Watch Makers you can now have your watch repaired at Pauling's almost while you wait. While in Portland last week Mr. Pauling ordered over \$2,000.00 worth of new

### WATCHES, JEWELRY, GUT GLASS and SILVERWARE.

These goods will be shipped direct from the factory and will reach Condon about Nov. 1st. This lot together with others already ordered will give the Pauling Store the largest assortment of high grade holiday goods in Gilliam County. Mr. Pauling's marvelous success in the Drug and Jewelry business in Condon is due to the fact that he has always stood back of his goods with a personal guarantee and is satisfied with a reasonable profit. These are two factors which mean much to the people, who as a rule are not supposed to be judges of the quality and prices of either Drugs or Jewelry, but are forced to rely upon the honesty and integrity of the man with whom they deal. Another feature about the Pauling Store is that all goods are marked in plain figures, consequently the man in the overalls pays exactly the same price for the same goods as does the banker or merchant. If you are looking for a square deal all the time, "get the Pauling habit."

#### REMEMBER

If you have Eye Troubles you can have your eyes tested by a Graduate Optician entirely free of charge.

If Dr. Keene says you must wear glasses, Mr. Pauling says they must give entire satisfaction or you get your money back.

If your children are backward in their school work it may be caused by some unsuspected affection of the vision, now why not have their eyes examined when it costs you absolutely nothing.

In examining children's eyes, Dr. Keene uses the Ophthalmometer, an instrument which records the refractive error without having to rely upon the judgment of the child at all. This accounts, to some extent, for Dr. Keene's remarkable success in fitting children with spectacles.
