WHY CONDON PROPERTY IS A GOOD INVESTMENT

There are no rival towns
near and all the best tillable
lands in Gilliam County are in
the vicinity of Condon.

It is almost an assured fact
that WITHIN TWO YEARS
we will have a system of elec-
tric lines from this point to
various parts of the country,
South and West of here.

There is no town in this
state that is a county seat and
has the prospects of being one
of the best school towns, and
other natural advantages,
where business and residence
property can be purchased at
such LOW PRICES as exist-
ing here.

CONDON has never had
such prospects of becoming a
town of importance as at the
present time and lots are sure
to DOUBLE IN VALUE with-
in 12 months.

I am back at the old stand,
for terms and prices, call and
see me.

of Fuel—at the best price. If you cannot use it
this winter, it will keep. It makes a fine sum-
mer wood and we predict such fuel will not be
offered for such price next year. We are over-
stocked in this kind of wood and make this low
price to move it quickly. Full measure and
courteous treatment is our desire.
