

## CALEDONIAN CLUB INVADES CONDON

**Two Days' Festivities  
Are Most Successful-- Concerts En-  
joyed by Large  
Audiences--Wheat  
City Praised.**

The Caledonian festivities held in this city last week, ending on Friday evening, have been pronounced the most pleasant and successful ever held by the club. Condon has been praised for its hospitality and for the manner in which its residents joined in the celebration.

### The Concerts.

The music lovers were more than pleased with the two concerts, the main features of the gathering, as was shown by their appreciation in calling for encores. The big bagpiper, Major McDonald, arrayed in all his native country's splendor, lent much life and enchantment to the occasion with the sweet and inspiring music of his bagpipe.

Miss Leona Harwas of Portland, soprano soloist for the two concerts, more than pleased her hearers, displaying such naturalness, ease and range of voice in her rendition of "Loch Lomond," "Comin' thro' the Rye" and "Mary of Argyle" as has never been heard in this city. Miss Alice Juston, another well-known Portland singer, delighted the audience with her rich deep contralto, the perfectness and control of her voice in her "Annie Laurie," "My Ain Folk" and "Bonnie Sweet." The interpretation of sentiment, with the perfect control of their voices, in all the Scottish songs sung by these young ladies captivated all Caledonians present.

F. T. Crowther in "Jessie McFarlane" and "The March of the Cameron Men" showed the intense feeling carried throughout the Scottish songs, while Judge Hennessy stirred gladness in many a soul with his, "Here's to the Glorious Highball."

Jock Coleman, already considered a rival of the famous Harry Lauder, so captivated his audience by his own ever laughable manner, that he was forced to beg for mercy. His rendition of "Inverary" and "Tobemory" more than ever won the hearts of the people.

No less pleasing were the "Highland Reel," "Shean Trews" and the "Highland Fling" as danced by Miss Jeanie Thomson, Messrs. Hood, Rennie and Thompson. The dances after the concerts were a great enjoyment to all who joined in the merriment.

### Officers Re-elected.

A business meeting was held last Friday afternoon when the officers were all unanimously re-elected to fill their respective offices for another year—John Dysart, chief; Jno. Jackson, first chieftain; Wm. Stewart, second chieftain; Jno. Stewart, secretary and treasurer; Jno. McLennan, piper. The next festivities of the Fossil Caledonian Club will be held in Fossil next October.

### The Ball Game

The game of Association football which took place on last Friday afternoon between the Athletic Club team and the Scotch team resulted in a victory for latter by a score 1 to 0. The Scotch are old players and familiar with the game while the Club team knew nothing about it having always played the Rugby game. The Scotch made their score early in the game after the honors were about even. The weather was not very favorable and the crowd was small.

## CITY COUNCIL TO LICENSE SALOONS

**Local Option Law  
Loses Out. Med-  
ford Case Cause  
of Change--- Will  
Give Franchise to  
Electric Line.**

The regular monthly business meeting of the city council was held last Monday evening in the city hall with all members present. The first business to be transacted was ordering a sidewalk built along the property of John Scott, Wayne Grider and D. R. Parker, one crosswalk to be built by the city. A. Dams was given permission to put in a water meter at his livery stable.

Bills amounting to \$179.56 were looked over and ordered paid. J. E. Hunt was refunded \$15 for dirt placed in the road back of his warehouse.

Attorney D. R. Parker brought up the matter of a franchise for the electric line, but after some discussion it was decided that a franchise would be granted when the company was ready to begin work and when a suitable franchise naming streets wanted. Upon naming Ward, East and Washington streets, the council made it plain that there would be no trouble in securing one of these. Washington, in the east part of town, will undoubtedly be used by the electric line.

Perhaps the most important business before the council was the saloon license question in which the majority of the saloon men and visitors took active part. Although no definite action was taken, the council made it known that saloons would be allowed to run beginning on the 15th of this month.

The main trouble was to get an understanding between the saloon men and the council as to whether a limited number of saloons, five as when the local option law came into effect, should be allowed to run with a raise of license, perhaps \$1000, or whether it should be left at the same amount as before, \$600 license, without a limited number. This was discussed pro and con with strong opposition on both sides. A meeting of the council will decide this question on the 14th when also an agreement will no doubt be passed between saloon men and council for the running of lawful and strict places of business upon the penalty of losing their licenses. The Medford case was gone over in details and the council now believes that it has a right to license saloons and thus derive the much needed revenue.

Street com. was instructed to have lower Main street from the Stephenson corner to the Bowerman corner graded at once and that bids to let the contract for covering the street with crushed rock be advertised at once that the work may be carried on to completion before the bad weather sets in.

The moving picture show was granted a license of \$7.50 per month.

### Robbed by Gypsy Women.

A traveling band of Brazilian Gypsies were stopped in this city yesterday by Deputy Sheriff Campbell upon receiving instructions to that effect from Sheriff Kelsay of Wheeler county. It seems that W. J. Taylor, James Madlock and others were held up and robbed of \$10, or \$20, by one of the women of the band. Sheriff Kelsay arrived from Fossil last evening and took the offenders back to Fossil this morning for trial.

Paul Brunzel and family are moving to Portland.
