THE GILLIAM COUNTY "BOOSTER"

VOL. XVIII.

CONDON, OREGON, FRIDAY, DECEMBER 18, 1908.

NO. 39.

## WILL HOLD BIG "BOOSTER MEETING"

In Court House on January 6th, 8 p. m.

### FOR EXPERIMENTAL DRY FARM

Executive Committee of the Gilliam Co. Improvement Association Holds Important Meeting.

A monster "booster" meeting was arranged for the 6th of January in the court house, by the executive committee of the Gilliam County Improvement Ass'n at their meeting last Monday. Those present were D. B. Thomas and Chas. H. Horner, Condon; G. B. Dukek, Mayville; J. L. Blalock, Arlington; Oscar Maley, Ferry Canyon; and Ed Palmer, Ajax.

The meeting is to be held during the sessions of the circuit and county courts when prominent men will be here to present their views. The end in view is the Experimental Farm and general publicity for Gilliam Co. The executive committee at their meeting decided to circulate a petition among the taxpayers to secure the names of all who are in favor of a one and a half mill tax to cover the expenses of buying land and buildings for the experimental farm. Mr. Blalock suggested that those signing the petition should set opposite their names the amount of property they were paying taxes on to show that they were interested in the movement. Then at the next meeting they would ask the county court to levy the tax, which if legal, would have the support of the taxpayers. All money received by subscription is to be held by the county treasurer.

It was also decided to work for a rebate on grain sacks. A petition will be circulated among the farmers, and the papers with numerous names will be given to the congressman of this district, who will be asked to secure a reduction of duty.

### GOVERNMENT MAY INSTALL BIG IRRIGATION SYSTEM

Rumors are afloat that the government is considering the installing of a gigantic irrigation system in the vicinity of Dayville and Clarno ferry on the John Day river where the river flows between precipitous bluffs. In the event of the construction of a dam, it will not be a difficult feat because of the natural condition of the bluffs and the width of the river, and the water could be easily dammed to back up for the purpose of flooding the hay fields and could be used for distribution. It is said over large areas of land in the four counties of Gilliam, Wheeler, Sherman and Morrow.—The Dalles Chronicle.

A son was born on Monday to Mr. and Mrs. Clyde Frazer.

Sometime and somewhere out at space, DAN opened a SECOND HAND PLACE; This place was opened grand and neat in a building on MAIN STREET. He no doubt thought it would be grand to always have at the public's command Everything the people like, Even to a second handed bike.

Many other things he has embarked, Some things that came from Noah's Ark. I have old Cupboards and old Stoves, I have old Dishes and Rubber Hose, I have some Iron and Brass Beds And some Wooden ones with fancy heads, Have Mattresses, Pillows and Springs And lots of other fancy things.

I have Dishes, Pots and Stew Pans, which women say are good, But I am sorry to tell you neighbor, I haven't any second hand wood. You can rely on what I've told you, Every word is staunch and true And if this does not suit you, I will sell you something NEW. I can tell you just as well DAN will buy or sell, Come and see me if you can Dan, the second Hand Man.

#### Dr. Arthur A. Keene Says.

The Eye being a delicate organ demands the attention of the most skilled Optician in case of refractive errors, or Occulist in case of organic affection. The public should be especially warned against persons who impudently assume the title of Expert when it is a fact that they never saw the inside of an Optical College, hence are not qualified to detect the many and various kinds of refractive errors. An expert to assume this title legally must be a graduate in Optics. To avoid the possibility of the public being misled by unfair and untrue inferences, I wish to state that my title is not assumed, but was conferred on me by the faculty of one of the best optical colleges in this country. Remember, when you have paid a big price for a rough guess, which has made matters worse, call and see a Scientific Optician.

Dr. Arthur A. Keene,  
Graduate Optician.

## \$5000.00 SALE

We offer for your selection the Largest Stock of High Grade Holiday Goods ever shown in Condon. Every article is Quality combined with the Right Price.
