THE NEW SPRING SUITS

Are conspicuous because of their neatness. We believe you'll admit that you never saw prettier patterns than we are showing, principally grays in every known weave and fabric, some dark mixtures and blue serges.

BING'S

THE REAL VALUE OF A GARMENT

You may not thoroughly realize it, but it is a fact that the true value of a garment depends upon the manner in which it is made and trimmed. Good cloth with poor tailoring and poor fitting qualities makes a most unsatisfactory garment, no matter what you pay for it. You must realize that we would not recommend our clothes if we were not thoroughly convinced that none better are made.

WE WANT YOU

To come in and look over **LAMM & CO.'S** Spring and Summer Style Book. This house is famous for the class of tailoring employed and the excellent fit produced.
