

COUNCIL MEETING

The new council held their 1st regular meeting on Monday evening, May 11, with mayor Wood in the chair. The councilmen present were J. D. Burns, O. Campbell, Chas. H. Williams, John Hire, and J. J. Portwood, J. A. Scott being absent. The minutes of the last regular meeting were read and on motion by Williams, seconded by Portwood, they were adopted. The minutes of a special meeting held for the purpose of reading the transcript of votes cast at the municipal election held April 10 and declaring the officers elected at said election were also read and on motion by Williams, seconded by Burns, they were adopted. In the matter of electing a president of the council for the coming year, J. D. Burns was placed in nomination by Hire seconded by Williams and there being no other nominations the Mayor declared the nominations closed and Mr. Burns was declared elected by a unanimous vote of the council. Mayor Wood being called away on urgent business Councilman Burns took the chair and the bills against the city were then taken up and a resolution offered by Hire that they be allowed. On motion by Portwood, seconded by Hire, the resolution was adopted and the following bills ordered paid: W L McCaleb \$ 80 00 J B Keeney 75 00 A B Robertson 15 00 M Fitzmaurice 13 00 George Tatom 3 00 W A Darling 3 00 R W Cooke 3 00 Frank Hollen 3 00 Jas Smith 3 00 W A Graves 3 00 Condon Times 8 50 Chas Horner 3 00 E Wheir 3 00 Interior Whse Co 11 20 A S Hollen 8 95 L B Townsend 22 50 Condon El Co distillate 232 39 lights 125 00 Wm Dunlap 8 25

In the matter of making purchases for the city, Williams moved and Campbell seconded that the buying be done by the marshal and no one else. The motion being called on the motion was answered Aye, Williams, Campbell, and Portwood, Hire voting No. The motion having secured a majority of votes it was declared carried. A motion by Williams, seconded by Campbell, and carried unanimously provided that the Treasurer and Recorder make a report in detail of the receipts and disbursements of the city from the first meeting in May 1910 to the first meeting in May 1911, said reports to show receipts and disbursements in the following departments: water, lights, police, and general fund and have said reports in on next Monday night. On the return of Mayor Wood to the chair it was moved by Williams, seconded by Burns and carried that the Mayor appoint a committee to investigate the feasibility of selling bonds to pay off the full indebtedness of the city and provide a sum necessary for laying steel pipe completing the water system and making after disbursements necessary for the welfare of the city. The Mayor appointed Williams, Campbell and Portwood on this committee. In the matter of standing committees the Mayor appointed the following: on water, Campbell, Burns, and Portwood, and streets, Williams, Hire, and Scott. The council then adjourned in regular order to meet

on next Mon. night at 7:30. It might be well to mention that before the meeting was called to order Councilman Williams made a short talk in which he expressed his views in regard to his position on the City Council. He said that while he did not aspire to the office he would do what he could, not in a factional or political way but to benefit the taxpayers, the ones who elected him. He said that if after a strenuous trial he failed to accomplish anything he would resign in favor of someone else. He further said that Condon had been going backward for the past few years and asked the council to stand together in extricating the city from its present position. He gave out as his idea that no councilman should take his position lightly, that some council must inaugurate some way to put the city on a business basis and if it were possible for any council to do so it is possible for the present one.

The Condon Meat Company is making preparations to start their ice plant and cold storage house. They expect to sink their well deep enough to furnish plenty of pure water to run the condenser. The ice will be frozen by the expansion system with brine and the cold storage pipes will also be furnished from the same source. By this system they can produce a temperature in the storage room which will freeze and keep frozen the meat which is stored there. When this system is in running order the Condon Meat Company will have one of the finest meat markets and cold storage plants in all eastern Oregon.

Walter H. Knapp, who has been visiting in this city at the home of Mr. and Mrs. Chas. H. Williams, has decided after looking over several other Oregon cities that Condon is the best he has seen and he will open an up-to-date cigar store, confectionery and pastime in the near future. Mr. Knapp is an experienced man in this business having conducted a wholesale and retail cigar business in Chicago.

SEED GIVEN AWAY CHAPEL CAR COMING

The O-W R. & N. Railroad Co. have sent to D. T. Tierney, local agent, 175 lbs of Milo Maize, to be distributed among the farmers of this county. It is desired by this company that the farmers take it and report on the results. Milo is a crop having a good commercial value and if it can be adapted to the conditions of the soil, climate, etc., in this part of the state, it will add just that much more to the community's agricultural wealth, and add to the prosperity of the farmer. Those who wish to obtain booklets containing information on this crop, how to prepare the soil, seeding, etc., may obtain same by addressing the United States Department of Agriculture, and asking for farmer's bulletin No. 322, covering Milo as a dry land crop.

The principal difficulty in raising this crop will be in obtaining a crop the first year, but the second year's crop from Oregon grown seed, will of course, be better adapted to local conditions.

Manager Graves received word this week from the lone base ball club that they would be unable to come to Condon this Saturday and Sunday owing to the fact that a large number of the players were out of town and would not return in time to come. Manager Graves then arranged for the local colts to go to Ione for these two games in order that they might get into condition for the games with Goldendale, Wa., which will be played in the near future. Ione will probably play return games in Condon Saturday and Sunday of next week.

Lester Wade traded his house and lots in Condon this week to M. D. Shanks for the latter's new house in Fossil.

Mrs. C. W. Harris has returned from a two months visit at her old home in Fresno, California.

On Sunday next, the 7th of May, during the eight o'clock mass, a class of sixteen children will receive First Communion at the Catholic Church. After the 10:30 o'clock mass these children will be enrolled in the Scapulars and renew their Baptismal vows. The Catholic Chapel Car will be in Condon from May 21 to 28 inclusive. A course of lectures on the teachings and practices of the Catholic Church will be given in the chapel of the St. Thomas Academy beginning on Sunday, May 21 at the 10:30 a. m. mass. Every day of that week there will be mass at eight o'clock in the morning and every evening a lecture at 7:30 o'clock. Questions placed in the "Question Box" will be answered before each lecture. All are cordially invited to be present at these lectures.

UGO IGO CLUB Ladies, please notice. The regular meeting of the Club will be held next Thursday with Mrs. Ferris instead of Mrs. Curran. Mrs. Ferris desires to have an old-fashioned district school and requests the ladies to come in schoolgirl costume, and to bring dolls, teddies, etc. Also please be prepared to take part in the exercises, speaking pieces, songs, essays, etc. A teacher will be chosen to preside over the school and there will be a "spell down." Of course, any ladies who do not care to come in costume, are invited as audience. Do not stay away because you are not a member. We want you, and all the ladies are invited, but no gentlemen. The usual business meeting will open at 2:30 sharp. A 10c offering will be received.

Ed Clough returned to Arlington Monday morning after a few days visit here.

Congregational Church Notes

On the coming Sunday morning Dr. Ferris will begin a series of three sermons based on the ground of modern Psychology. Investigation along the lines of mind science has resulted in a better understanding of the question of religion from the human side of the question. The first sermon will deal with this under the title of "The Psychology of Religion." The second sermon will be on "The Psychology of Soul Healing," and will deal with the question of how far the mind itself tends to remedy moral evil when aided by the will. The third sermon on the Psychology of bodily healing will deal somewhat with the theories of Christian science and Mental science and other philosophies regarding the physical health. While Dr. Ferris does not agree with much of the so-called "New Thought" he wishes to show that much of this so-called new thought owes its life to Christianity and is rooted in it.

In the evening the second service of the business men will be held. Mr. Thiessen will make the address on the subject "The Child." The mens' choir will have charge of the music.

Roy Sheldon has the paper in the class in Applied Christianity Sunday morning, subject, "Organization of Labor."

"The Money Makers," a book treating on the hog industry has recently been issued by the Railroad company. Copies may be had by writing to R. B. Miller at Portland, or D. Tierney the local agent.

DIRECTORS MEETING

The board of directors of the district fair held a meeting last Monday. There are two new Directors this year, Geo. Parman of Condon and S. H. Edwards of Mayville, both good men for the position. Great improvements in all directions are promised for the fair this fall which will be held on October 11, 12, and 13. Pipe is to be laid so that the grounds can be sprinkled when needed. A grandstand to seat 500 people will be built. The sports committee are to offer about \$300 for a baseball match.

The Directors received the prize lists and have raised the premiums on all livestock and increased the lists in the different classes. All caretakers of livestock will have free season tickets and the general price of admission has been lowered to 25c, season tickets 50c, and children under 12 years of age, free.

Wadhams & Kerr Bros. of Portland offer 3 prizes of 2 doz economy pint jars for the best exhibit of meats and fish, 2 doz quart jars for the best exhibit of fruit and 2 doz 1 gallon jars for the best exhibit of vegetables, all to be packed in Economy Jars when exhibited.

The Directors offer a special prize of \$20 for first and \$15 for second and \$10 for third prize to the Granges of Gilliam and Wheeler counties for the best Grange Exhibit of grains in gallon jars, grasses and fruits either fresh or canned, house plants and vegetables, specimens of home cooking, cabinet work, preserved meats, bacon, butter, eggs, etc. There is also a prize of \$10 for first and \$5 for second for the best school exhibit from Gilliam and Wheeler Counties. Teachers should keep this in mind. There seemed to be a misunderstanding among the horsemen last year in regard to decorating their stock. Stock can be decorated any way they wish, so long as they don't use premium ribbons.

The annual services of the local I. O. O. F. Lodge which were held in the Congregational church last Sunday were attended by only a small number of the members of that lodge. The address by Rev. Ferris on that occasion was highly instructive and well worth hearing.
