CONDON. OREGON. FRIDAY, JUNE 30, 1911.

NO. 13

A very pretty church wedding took place at six o'clock on last county for ten years and as Saturday morning when John J. mayor of this city for one year. Monahan and Miss Margaret Russell were united in marriage by Father Cantwell of Kingsley, from a few weeks visit in Port-Oregon, formerly of this city. The church was prettily decorated and the happy couple never appeared to better advantage than on this, the most auspicious Portland to attend to business morning of their lives. After the beautiful ceremony, those present, who were the immediate relatives and a few close friends, were conducted to the home of the bride where a most bountiful wedding breakfast was enjoyed by all, after which the bridal party went to the depot to throw rice and best wishes after Mr. and Mrs. Monahan who left "Hi" Wilson. Batteries: for Fosthat morning on a short honeymoon to Portland. John Kinney of Heppner acted as groomsman and Miss Lottie Russell, a sister of the bride, as bridesmaid. school year and gave such entire decided as to what he will do. satisfaction that he was unanimously re-elected to that position for next year. The bride is a daughter of H. C. Davis of Halsey and is an accomplished young lady, well able ta be a helpmate to the husband she has chosen. Mr. and Mrs. Bond will return to this city after thir honeymoon and will take up their residence in one of the Shirey houses in west Condon. This paper is greatly pleased on this occasion to add its congratulations and good wishes to those being so freely extended.

Mary Margaret Cloutier were months. united in marriage on Tuesday, June 27, in St. Bernard's Church in Alpena, Mich., the brides home city. Mr. Hazen is well known here, having held the position of operator at the local depot. He is now agent at Stanfield, Oregon. The Globe joins ticulars call on or address, with his many friends in this city in wishing him much happiness and a prosperous journey through life.

J. C. Sturgill left on Tuesday morning for Salem to take up his duties as one of the State Board of examiners He expects to return about July 15th. Mrs. Sturgill left on the same day for Baker City to spend the summer months.

Crum of Olex. held at Dayton, Wn.

Since Jay Bowerman made the statement to the council last week that the city should purchase distillate from the Condon Electrict Co., at a price named by the Company or it would be compelled to close down its plant, together with a proposition that the city rent its plant by paying 6 per cent. interest on valuation of \$22,500. there has been much discussion on the matter between the taxpayers of the city. The most surprising fact to the citizens of Condon was the statement that the plant cost the Company \$22,000 when the same property was given in to the assessor as being worth \$3000. What does all this mean? For the purpose of assessing this plant and depriving the taxpayers of the money it is worth very seven times that amount or \$22,500. Then the taxpayers have not recieved all of the taxes they should have received from this company. If the plant cost \$22,500 the assessed valuation handed in should have been 3-4 of this amount or \$16,875 for all of the years that this company has operated here. If the plant did not cost over \$15,000, when new why does the Condon Electric Co., want this town, which is now striving to get out of debt, pay interest on a much larger amount and hand it over to this corporation for absolutely nothing, unless it be to help the electric company father its bank account at the expense of the taxpayers of Condon who cannot afford it. A policy of this kind would ruin the most prosperous business interprise in existence, and I further venture to say that it is this kind of business policy that has placed Condon where it is today, financially, and the very condition that has caused some of the substantial farmers in this county not to live and claim their residence in Condon. If this be true, are we as citizena and taxpayers going to stand by and see these things go on year after year and be like a new crop of suckers, which the confidence man says, "are born every day" without making an endeavor to stop it? I as one feel that we should now and for all time serve notice on the parties w
