Has just inaugurated a real estate campaign which will eclipse any movement of the kind ever started in eastern Oregon. The Company has for some time past been in touch with colonization companies in the east in an effort to secure settlers for farm lands in this and other counties of eastern Oregon. The Company already has a large list of Gilliam County lands but wants more. These lands will be put on the market at once with the proper advertising. If you wish to sell your property, list it at once and get it in the first list to be mailed....
