THE DELINQUENT TAXES of 1905 have never been recovered by the county. Suit was started by the district attorney over a year ago to collect these taxes but in all of this time not another move of any kind has been made to recover them.

SOMEONE SHIRKING HIS DUTY

Where is the county court? Is it not the duty of the court to see to it that the business of the county is properly administered?

If the court does not know who should collect the delinquent taxes it should find out and then see that they are collected.

Moreover there are ninety-eight pieces of land in this county on which the 1906 taxes have never been paid. If action is not started within two weeks to recover these the county will lose them.

Shall it be said that the watchdogs of Gilliam county's business are sleeping at their post?

THE HOME MERCHANT who goes after business through judicious forms of advertising will not feel the competition of the eastern mail order houses.

HOME MERCHANTS GIVE CREDIT

and he wants to take them home at the moment he needs them. Moreover the credit of the average farmer is good with the home dealer. When you order goods in the east, your money leaves home and never returns, and you must pay cash.

GOOD cows pay better than poor cows. Good seed pays better than poor seed. Good cultivation pays better than poor cultivation.

THINGS THAT MAKE FARMING PAY

always pay to increase the number of acres devoted to a given crop. What you farm is as important as how you farm, and how you sell may be more important than either.

In other words, it is well to remember that, in any line of business what is worth doing is worth doing well. -Spokane Review.
