The Condon Globe Will Give Away \$140.00 in Gold in the County

Two Valuable Awards to be Given as Prizes in Gilliam Popularity Contest — Starts Immediately — Nominate Your Favorite Today.

In another column of this issue you will find the initial announcement of the Gilliam Popularity Contest. In this contest will be awarded prizes such as have never before been offered to the girls and ladies of the county. Never before, and possibly again, will such an opportunity be presented.

To the one who receives the greatest number of votes during the contest will be awarded the First Prize of \$100.00 in Gold. To the one receiving the second greatest number of votes will be awarded \$40.00 in Gold. It was after considerable deliberation that it was decided to give the prizes in cash. A cash prize is always worth the value attributed to it, it must be. If you win the \$100.00 in Gold you can get whatever you want with it, or with the other prize either.

The contest starts immediately and lasts but three weeks. The 15th day of May is the day that ends it all. At that time the prizes will be awarded to the winners. If you want to be one of those winners, right now is the time to start. Don't wait until some of the others have secured a lead on you but start right away and be the one yourself, to get that head start. \$100.00 or \$40.00 is well worth

the time and efforts of any girl or lady in the county. It is worth your time for the next three weeks. Make up your mind that you are going to be the one to carry off that \$100.00 and then stick to it until you do it. That is one of the things that count big in any line of endeavor in this world, "stictuitiveness," it will pull you through a winner every time. But don't fail to start right away. With only three weeks altogether you don't want to overlook any opportunities. Start in to win. Do it now!

Votes

The schedule showing the votes to be allowed on payments for subscriptions to the Globe during the first few days of the contest will be found on this page. This schedule will be discontinued after next Tuesday and one substituted in which less votes are allowed on subscriptions. Another cut in the number of votes allowed on subscriptions will be made every few days during the contest. At no time will the votes ever be increased nor will there be any "Bonus" offers. As a consequence, the wise candidate is going to get in every possible subscription just as fast as possible so as to secure the greatest possible number of votes.
