RAIN AND HAIL STORM DAMAGES HAY AND WHEAT

Loss Large in Certain Sections, While Other Localities Are Benefited by Moisture

The rain and hail storm last Saturday afternoon did much damage to the crops in certain sections of the county. In the immediate vicinity of Condon no particular harm was done but a few miles south west of town and at almost exactly the same point where the hail struck last year was the storm center and the damage was heavy.

The storm passed east and northeast and where it struck Rock Creek amounted to a cloudburst. The new grade at the Burton-Wilson ranch was washed out, the steel bridge at the mouth of Wolf Hollow was torn from its foundations, the bridge below the Farr ranch and the one below Olex were both carried away. W. G. Flett's house was washed away as well as all of his hay, Clyde Cripe's house was carried from the foundation, Farr Bros. lost their hay, eight hogs, their machine shed and considerable other damage was done. Among the wheat raisers whose crops were damaged are Myers, Edwards, Broom, Echols, Cooney, Carnine, Portland, Cripe, Orwick and others.

On the other side of Rock Creek in the Gooseberry country the storm seemed as bad or worse than on this side. C. A. Lovegren lost all of his grain, his pumping plant, part of his threshing machine and a large number of chickens. Jackson Bros., Wm. McClintock and Ed Dalzell each lost his grain and other minor losses are reported. Latest reports from Olex place the amount of damage at \$25,000. The water was in every house on the creek except Wade's Randall's and Weatherford's.

Although much sympathy is expressed for those whose loss was so great, there seems to be a general feeling that the storm did a great deal more good than harm, speaking of the county as a whole. Much wheat that was suffering for moisture will now make a good crop.

JUNE THE BUSY MONTH FOR CUPID

In Gilliam county as well as in other parts of the country, the busy season seems to be the month of June. Three marriages have taken place this week and there are more to follow.

Shannon-Burns

Henry G. Shannon and Bessie A. Burns were married at six o'clock Tuesday morning in St. Catharine's church by Father Campion. It was an elaborate wedding and decorations were beautiful. A large number of friends were present at the ceremony and about sixty of these partook of the excellent wedding breakfast served at the home of Mr. and Mrs. Edward Slick. The newlyweds left the same morning to enjoy their honeymoon amid the roses in Portland. They are two of Gilliam county's best young people and will make their home here.

Clark-Bunch

Lambert E. Clarke and Rebecca J. Bunch were married in this city Sunday morning by Rev. R. M. Jones. They left immediately for Blalock in an auto and took the train for Portland to honeymoon for two weeks when they will return and reside on a farm near Blalock. They are well known and highly respected young people of northern Gilliam.

Poindexter-McKinnon

The home of Mr. and Mrs. F. M. Crawford was the scene of a pretty wedding Wednesday eve when, in the presence of quite a number of friends, J. N. Poindexter and Mrs. Viola McKinnon were united in marriage, Rev. Jones officiating. After the ceremony an elaborate supper was served. The happy couple left amid showers of rice and good wishes for Arlington where they took the train for Portland. The many presents received attest the number of friends they both have in this community.

W. S. Farr went to Pendleton Monday to serve on the grand jury.

THREE JULY 4 CELEBRATIONS IN THIS COUNTY

Condon, Arlington and Lone Rock All Busy Making Large Preparations

The patriotic people of Gilliam county will have ample opportunity to enjoy a Fourth of July celebration this year without going far from home. Three celebrations will be held in the county--at Condon, Arlington and Lone Rock, besides several large picnics that have been planned. In addition to these the fossil will have a big celebration and Ione is also advertising a glorious demonstration. This should be enough to satisfy anyone. Take your choice.

The ball games seem to be the features of each celebration, although Condon hopes to have an aviator, Ione is advertising one and Arlington will give a prize for the largest family in attendance.

Elizabeth A. Darling returned yesterday to Portland after visiting relatives and friends in this city. Miss Darling, who was a Gilliam county girl, is now the superintendent of the maternity department at St. Vincent's hospital and is also teacher in the first year training department.
