

## To Our Friends and Neighbors

You know us. You know we would not—that we could not afford to—go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made—the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Our faith is built both on the knowledge of what *Resall Orderlies* are made of and on observation of very many severe cases in which they have proven their merit.

### Try them at Our Risk

If they do not abundantly prove their merit with you also—if you are not entirely satisfied with them—we will refund your money—and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fail in properly doing their work—just let their action be delayed and incomplete and the entire system and every other organ suffers. Wastes that

CAUTION: Please bear in mind that *Resall Orderlies* are not sold by all drug stores. You can buy *Resall Orderlies* only at The *Resall Store*. You can buy *Resall Orderlies* in this community only at our store:

Headaches, biliousness, nervousness and other tormenting and serious ailments are common when the bowels fail to act daily as nature intended. All this may be avoided, if you will accept our advice.

### *Resall Orderlies*

taste just like candy. They are soothing and easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

*Resall Orderlies* promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before. We particularly recommend *Resall Orderlies* for children, aged and delicate persons.

*Resall Orderlies* come in vest-pocket tin boxes, 12 tablets, 10¢; 36 tablets, 25¢; 60 tablets, 50¢.

## PRESTER JOHN.

Legends of an Elusive Warrior of the Twelfth Century.

The famous if somewhat phantom personage Prester John, who for two or three centuries occupied so prominent a place in the historic annals of Europe and in the minds of Europeans, was, from the most reliable accounts, a Christian conqueror of enormous power and great splendor, who combined the character of priest and king and ruled over vast dominions in the orient in the middle ages. He had, it was related, established a powerful empire either in Asia or Africa, and wonderful stories were told of his victories, his riches and his power.

His mode of warfare, which was unique and entirely effective, indicates an intimate acquaintance with explosives and combustibles. He possessed an army of life sized copper soldiers mounted on brazen horses, which were charged with explosive materials, projectiles and poisonous gas. This formidable array was marshaled to the front and spat forth its deadly fumes and dangerous projectiles with horrid effectiveness, making havoc in the ranks of the enemy.

The first mention of this extraordinary man, who appears and disappears from historic annals at long intervals, occurs in the *Chronicles of Otto, Bishop of Friesingen*, who narrates Prester John's conquest of the Persians at Egbatana, in the extreme orient, in the year 1145.—*Boston Herald*.

## CREATING NEW STATES.

Work That Congress May Do, but Once Done, Cannot Undo.

Several times it has been proposed to make two states out of the state of New York. In fact, resolutions have been introduced in the state legislature once or twice, but have died in committee. The purpose has been to include all of the present state south of Westchester county in a new state to be called (in one instance) the state of Manhattan. North of the Bronx district the name of New York was still to be retained. The surrounding islands of the south—all those of Long Island sound, Long Island complete and all of the counties comprising New York city—were to be embraced within the new state of Manhattan.

The creation of a new state confers a right that cannot later be abrogated and in this respect is unique in the establishment of political areas. After the people of the district in question have decided by vote that the carrying out of a new state is desired, congress passes upon the application. Up to this point congress is supreme. Once, however, congress agrees to the new state creation and the new state becomes an established fact, then no power of the republic can undo what has been done by legislative act. No repeal can revoke the privileges of a law abiding sovereign state.—*New York Sun*.

Ouch!

One of those dear lady friends of ours who take a particular interest in other people's affairs got on a car and sat down beside a quiet looking man whose face was badly pitted.

"Why, you poor man!" she exclaimed. "How you must have suffered! How long ago did you have the smallpox?"

"Madam," was the seriously spoken reply, "what evidently drew your attention are not pits of smallpox. I had these put on by a beauty specialist to keep my face from skidding when I eat watermelon."—*Chicago Tribune*.
