

## ARLINGTON SUPPLEMENT TO THE CONDON GLOBE

## A BUSINESS LUXURY

**A CHECKING ACCOUNT** is indeed a business necessity; and he who tries to get along without one is at a great disadvantage. It is not required that a person should have a large bulk of business in order to open an account. Professional men, farmers, stockmen, and also many women, are running check accounts. If you have never done business in this way, and are not familiar with the plan, come to us and we will get you started.

*The Remington Cubes find a slide action handy for the big fellows*

**A NEW HIGH POWER RIFLE—**  
The Remington-UMC Slide Action Repeater

GETTING in touch with the shooting fraternity all over the country, as we do, we find a very considerable number of Remington users who want a Remington slide action repeater in a high power model—one heavy enough for practically any type of game that is found on this continent.

The answer to this demand is the new Remington-UMC High Power Slide Action Repeating Rifle. During the few months these rifles have been on the market, several hundred of them have been put into use. The testimony of the owners is that they are emphatically a success.

Your Remington dealer has these repeating rifles in stock or will get you one. Don't buy a high power repeater until you have seen it. It is the gun you want.
