Don't forget the dates for the Tri-County Fair, October 1-23. Only six weeks remain in which to prepare exhibits. If you have any choice horses, cattle, hogs, sheep, wheat, rye, oats, barley, corn, potatoes, cabbage, squash, pumpkins, apples, peaches, apricots, plums, prunes, pears, chickens or dogs bring them to Condon on the above dates. Besides the prizes to be given by the Association the O.-W. R. & N. Co. and a number of Portland firms are offering valuable premiums for exhibits of merit. However, don't feel that your efforts count for nothing even if your showing does not carry off a blue ribbon. The principal object of the fair is to make a showing of the products of the district and the success of the enterprise depends on producers of the community. Mr. Farmer, there will be many visitors in attendance from outside points and the story of the exhibition will travel far and wide. A few samples from the products of your land may be the means of raising its value and as an advertisement, in case you desire to sell, will be worth a car load of printed descriptions. An interesting program is being prepared, the Mayville grandstand has been moved and set up at the track, the new exhibit building will soon be completed and from present indications the Tri-County Fair this fall is going to be the biggest show of its kind ever held in Eastern Oregon. Don't wait for the other fellow to do it all; start something yourself. It's united effort that counts. 'Rah for the Tri-County Fair.

The work of grading Main street and laying sewers is rapidly nearing completion and actual paving will commence in a short time. We venture to predict that in a couple of months Condon will not be able to distinguish herself from a full-fledged city.

Constipation is the starting point for many serious diseases. To be healthy keep the bowels active and regular. HERBINE will remove all accumulations in the bowels and put the system in prime condition. Price 50c. Sold by Graves & Van Slype.

Sallow complexion comes from bilious impurities in the blood and the fault lies with the liver and bowels—they are torpid. The medicine that gives results in such cases is HERBINE. It is a fine liver stimulant and bowel regulator. Price 50c. Sold by Graves & Van Slype.

FRONTIER DAYS

Walla Walla, Wash., U. S. A.
SEPTEMBER 25, 26, 27, '13

Frontier Days at Walla Walla will, undoubtedly, be the biggest and best attraction of the kind ever promoted by any city of the United States. Every feature of western life will be re-enacted in a truly amazing manner by the most skillful and daring performers living.

Champion riders of world fame will, each day, compete with each other in wonderful and thrilling feats of horsemanship; racing wild horses by dare devil riders will hold the crowds spell-bound; the "drunken-ride" is a top-notch feature; Indian races and feats will truly depict the character and cunning of the Red man, while the 150-mile pony express relay race will require a wonderful endurance test of man and beast. Champion lady riders will perform in wondrous manner and remarkable in their skill as horsewomen. The square dances, Indian dances, Indian village and a REAL INDIAN WEDDING will portray in vivid manner Indian life. Bulldogging cattle, roping and branding, throwing by the horns and a general stampede are but a few of the features of life among the cattle. Not the least of the events planned is the monster street parade which will show every phase of early western life, cowboys, trappers, miners, express riders, stage coaches, pack trains and early settlers will participate. The world famous 72d Sealorth Highland Band of 70 pieces will be one of the musical treats.

PRACTICAL SCHOOLING.

Culture studies are all right, and they should be required in every high school as an incentive to better things, but vocational training is just as important. Under present conditions the boys and girls in high schools are being taught that it is better to have culture than to know the things that are good in the ordinary walks of life, such as manual training and domestic science. This is building up class distinction and snobbish ideas. After a boy has taken a course in manual training I know that he is not going to look with disdain upon the blacksmith who makes an excellent weld or the carpenter who does a good job of joinery. He appreciates the workman's skill. —E. T. Fairchild.

"Tales of Honey and Tar" from West and East. Wm. Lee, Paskenta, Calif. says, "It gives universal satisfaction and I use only Foley's Honey and Tar compound for my children." E. Rhodes, Middleton, Ga. writes, "I had a racking lak-grippe cough and finally got relief tak-Foley's Honey and Tar compound." Use no other in your family and refuse substitutes. For sale by the Red Cross Drug Co.

HEALTH HINT FOR TODAY.

Alcohol and Muscular Weakness. Very often a man takes alcoholic beverages because he thinks they increase his strength. But a careful test which has been made with accurate instruments shows that alcohol, instead of increasing strength of the muscles, diminishes their power. Alcohol produces the well known disease of nerve exhaustion or neurasthenia. There have been many cases of this kind. They usually occur in the case of individuals who drink alcohol, as they say, moderately, yet habitually for weeks, months or even years. They think it does them no harm, but the facts are that it is making them exceedingly nervous and undermining their whole nervous system.

Sore Throat. Simple remedies appear to be most effectual. Salt and water is used by many as a gargle, but a little alum and honey dissolved in sage tea is better. An application of cloths wrung out of hot water and applied to the neck, changing as often as they begin to cool, has much potency for removing inflammation. It should be kept up for a number of hours. During the evening is usually the most convenient time for applying this remedy.

George Bradford, living at Riverside Hotel, Colusa, Calif., reports that he had a very severe case of kidney trouble and backache, which also affected the secretions. He says, "I took five boxes of Foley Kidney Pills and they cured me." All over California people report that Foley Kidney Pills "cure." For sale by the Red Cross Co.

HEALTH HINT FOR TODAY.

To Disperse Wrinkles. Lines in the face may arise from various causes. Loss of flesh will make the skin loose, and with this diminution of the fat, which fills up the cracks and lines, the skin will naturally lose its smooth appearance and fall into wrinkles. The great thing therefore is to counteract this tendency to lines by applying to the skin some emollient lotion of a nondrying nature, combined with an astringent wash to tighten the skin. A good cream of pure olive oil will do this if rubbed into the skin circular fashion, if the lines spread from the eyes to the hair.

If underneath the eyes, gently smooth them out by rubbing, not upward, but beginning from the inner corner downward with semicircular movement, working the oil or cream well in with the first and second fingers. Lines from the nose to the chin should be rubbed toward the cheek, and those across the forehead from side to side of the face not up and down.

It is also an excellent idea to massage the face all over with a little fresh cream, while the natural oil in the fingers will do much to prevent and drive them away if this friction is employed regularly for five minutes every night. Before rubbing bathe the face in warm water, not too hot; then with soft cold water, into which a few drops of violet vinegar have been added, give the countenance a last lavage.
