

ARLINGTON SUPPLEMENT TO THE CONDON GLOBE

A BUSINESS LUXURY

A CHECKING ACCOUNT is indeed a business necessity; and he who tries to get along without one is at a great disadvantage. It is not required that a person should have a large bulk of business in order to open an account. Professional men, farmers, stockmen, and also many women, are running check accounts. If you have never done business in this way, and are not familiar with the plan, come to us and we will get you started.
