Liast a Dry Smoker.

Liast was a dry smoker of a peculiar type. Massonet, who knew him well in his later years, tells us that Liast could not play unless he had a cigar in his mouth, which he never troubled to light. He would sit down to the piano with a cigar between his teeth and keep munching it all the time he played. When the cigar was quite eaten up the abbe would rise from the instrument exhausted.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is cataract. Hall's Cataract cure is the only positive cure now known to the medical fraternity. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials, free. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Impertinence.

"I notice that you and Simmons don't seem to be as friendly as you were formerly."

"No. He has no use for me any more."

"What's the matter?"

"At the club a few nights ago he attempted to tell a joke at my expense, and by a lucky inspiration I was able to slip in a remark which turned the laugh on him."—Chicago Record-Herald.

Root Crops For Dairy Cow.

No matter what some people tell you, turnips and other roots make fine milk producing feed. Turnips will not affect the flavor of milk if fed at the right time. If turnips are fed in large quantities, and two or three hours before milking, they are likely to give the milk an unpleasant taste, but if fed directly after milking no flavor whatever will be noticed.—Farm Progress.

The cows that are on pasture should have free access to salt. The dairy cow needs this all the year around, but especially just at this season.

Work to Amuse the Rest.**

It has been roughly estimated that 10 per cent of us, the people of the United States, keep busy and earn our living by amusing the other 90 per cent. This 10 per cent includes those who do the actual work of amusing—singers in grand opera, light opera, concert; actors in the "legitimate" theaters, in vaudeville, in burlesque, in small shows; performers in the various departments of the innumerable circuses, carnivals, street fairs, baseball players, football players, basketball players, motor racers, aviators, boxers, innumerable exponents of innumerable forms of professional athletics and professional sports.

It includes also the people who promote these amusements, who incorporate companies and manufacture devices to be used in amusing—film companies, with armies of employees in the moving picture field, for example; the people in their large office forces, the people who manage and direct theaters, amusement parks, race courses, athletic fields, etc.; stage hands, mechanics, electricians and employees in countless other ramifications of the general business of amusement.

It includes those who originate schemes of entertainment, those who finance them, those who manage them, those who execute them, those press agents, advance men, sign painters, "spies" and "bankers," etc., who advertise them and draw the attention of the rest of us—the patrons who comprise the other 90 per cent.—World's Work.

FOLEY KIDNEY PILLS
FOR RHEUMATISM KIDNEYS AND BLADDER**Microbes in Your Scalp**

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:
