CONDON, OREGON, FRIDAY, JANUARY 5, 1917

NO. 43

1916 EXPORTS FROM CONDON GAIN OVER 1915

The records at the local station show that 643 loaded cars were shipped from the Condon yards during 1916. This exceeds the total shipments of 1915 by 65 carloads, although the cars of some produce in 1916 fell far short of 1915. Following is the comparison of shipments for the two years:

Loads in 1916		Loads in 1915
231	Wheat	252
46	Barley	17
47	Horses	70
44	Hogs	64
123	Cattle	102
119	Sheep	50
19	Wool	22
4	Hay	
	Rye	1
4	Emigrant	
643		578

The total value of the 1916 shipments, not including the emigrant cars, is approximately \$1,513,500. The fact that less wheat was shipped last year than in 1915 is not due to any lack of this grain for the Condon warehouses are full and much yet to be hauled. The farmers are holding their wheat. Had they sold earlier the wheat shipments for 1916 would have far exceeded those of 1915. In spite of this 1916 has been the record year for Gilliam county as far as shipments of produce are concerned.

York was taken before Recorder Hollen and pleaded guilty to both complaints. Recorder Hollen fined him \$25 on the first charge and \$50 on the second. York and F. M. CITY COUNCIL PUTS BAN ON PLAYING CARDS FOR ANYTHING OF VALUE; ALCOHOL SELLING RAPPED

The city council met in regular session Tuesday night with all members present except Councilman Farr. Ralph H. Schneeloch, of Clark, Kendall & Co., a bond company of Portland, appeared and showed how the city could save almost \$2000 a year by bonding to take up the warrant in indebtedness. The city has now about \$17,000 in outstanding warrants which draws interest at the rate of six per cent and also has a bonded indebtedness which has been due for several years and which draws eight per cent. Mr. Schneeloch offered to buy bonds of the city to the amount necessary to take up the warrant indebtedness and the eight per cent bonds at a figure slightly less than five and one-half per cent. The council refused to sign Mr. Schneeloch's contract but advised him that a special election will be called to allow the taxpayers to express their wishes in this matter. This election will probably be held in the near future. Charles O. Williams appeared before the council asking for the appointment as night marshal and presented a paper showing that ten of the business firms in town offered to pay \$2.50 each per month on his salary. After discussing the matter the council decided that no night marshal would be appointed at present. Bills amounting to \$751.62 were audited and ordered paid. It was decided that card playing for any-

thing of value must be stopped and Marshal Wheir was instructed to arrest any proprietor allowing cards to be played in his place of business for any chips, treats or anything else. The pastimes will be allowed to keep the card tables and allow their patrons to play cards for mere pleasure, the council having decided that it could not banish the cards entirely. Proprietors of pastimes and pool halls must also refuse admittance to minors unless they partition the pool room or card room from the other part of the business when minors may be allowed in the front room or confectionery. The council has decided that these measures will be rigidly enforced. In the matter of alcohol selling it has been found according to the report of the council's committee, that persons have purchased alcohol in Condon without a permit from the city authorities and the council decided that this must stop. Any further violation of this ordinance will be prosecuted. Marshal Wheir was instructed to arrest any auto owner operating his car without a 1917 license. An application for a street light on one of the dark corners in southwest Condon was read, and the request will probably be granted. The city treasurer's report was read and accepted. The city is slowly but surely going ahead financially. Every month shows a gain.
