DO YOUR CASH BUYING AT HOME

Men are queer. This week a local business man told the Globe man of a fellow who had been running a bill at his place of business for some time, giving the local merchant all of his credit business and spending his cash elsewhere.

EVERYBODY BELIEVES IN IT

Everybody believes in advertising. There may be some few men who will tell you they do not, but these men are prejudiced and refuse to use it, still they all have their own peculiar way of advertising their business whether they realize it or not. The most effective way is in the columns of the home paper.

If you want to know just how much money it takes to keep on living, just sit down and look over the checks you have written in a year. You'll wonder where it all came from—and you'll not get a great deal of satisfaction in the checks showing you where it all went to.

Does somebody kiss you every day? A glad heart will pay the bill.

Clean thoughts make clean lives.

No woman is vain who wears shoes large enough for her.

It is sometimes easier to set a good example than to follow one.

After some men have failed at everything else they try religion.

The world is too apt to have a confused idea of happiness, success and dollars.

It requires very little trouble to find fault. That is why there are so many critics.—Holmes.

These high topped shoes for women cover a multitude of sins as well as shins.

"Time is the most precious thing we have, and yet there is not one of us who doesn't waste it as if it were of no value what ever."

Be cheerful, or try to be cheerful, and you will be happy and make others happy also.

SENSITIVE THROATS need careful treatment from within more than they need bundling wraps during changing seasons. The pure cod liver oil in

is helping thousands to strengthen the tender linings of their throats, while at the same time it aids the lungs and improves the quality of the blood.
