## WASHBURN OF MILTON SAYS HE WON FAIRLY

Milton, Oregon.  
February 23, 1917.  
Editor Condon Globe,  
Condon Oregon.

Dear Sir:

A copy of your issue of February 16th, containing an article signed by D. W. Hammack has come into my hands. Will you do me the courtesy of allowing me to give the facts regarding the selection of judges for the Condon-Milton debate of February 10th?

Mr. Hammack says: "The Condon principal sent in his list of judges about the first of February." His letter reached me if I remember correctly on the 2nd of February or eight days before the debate. He proposed three men from Walla Walla as I had told him earlier that we should like to get men from Walla Walla in order to keep down expenses. I rang these men up at once. Two of them thought they could come but could not tell for certain so far ahead. They said they would let me know by the middle of the week. I could not get the third man on the phone until several days later but on Tuesday evening, February 6th, I did get him and found that he could not come. Wednesday evening one of the two men I had got first rang up and said that he could not come. On Thursday morning, February 8th, at 8:10 a. m. I telegraphed Mr. Hammack: "Can get Mill, Davis and Millsbaugh or Simpson of Whitman. Park will O. K. Wire if you disapprove." Mr. Hammack did not wire any disapproval nor did he express while here the slightest dissatisfaction with the way the judges had been chosen. The two whom he proposed and I failed to get were Prof. W. D. Lyman of Whitman College and Marvin Evans, vice president of the Whitman College alumni association. It would seem that Mr. Hammack decided that Whitman men were unsuitable judges after he had lost the debate but not before.

Mr. Hammack continues: "The Milton principal let the matter rest until the evening of February 8th, one day before the debate, making it impossible to reject his and select others before the time set for the debate." I telegraphed Mr. Hammack 60 hours before the debate and fail to see why he could not reject the names I proposed and offer others.

Mr. Hammack continues: "In this way he was able to select two of the judges himself and he selected them from the school"

## HIGH SCHOOL NOTES

Most of the student have returned to school after a few days absence on account of scarlet fever.

The Sophomores are working hard on the debate to be held Friday afternoon. This will be the first debate to be held between the students of the school this year with the exception of the Try Out debate, and should be very interesting, as the subject is a good one. By the amount of work that the debaters are putting in on the question the arguments will be very good.

The Freshmen class has issued invitations for a "St. Patrick" party to be given Friday evening, March 16, in the High School.

The Misses Tressa Jones, Lola Keizer, Hazel Williams, May Campbell and Rose Haley of the Condon High School have received word from the State Department that they were successful in the recent examination in that part of the Bible study covered by the Old Testament. High school students of the state receive credit toward graduation by successfully passing the state test in this subject. The remainder of the year will be spent in the study of the New Testament. Several young men have announced their intention of joining the class and thus receive credit. This work is what we call outside work and is not done in school but at present here is done in the Sunday School.

## CAVEN SERVES GOOD MEALS

D. N. Caven has resumed the management of his restaurant hotel on north Main street and is receiving his former excellent patronage. He has secured the services of an experienced cook from Portland and the meals he serves are very good even in these times of lofty prices. ## PATRIOTIC SERVICE PLEASES

The patriotic service at the Congregational church Sunday night was very well attended and those present appreciated the patriotic songs and talks which they heard. The speakers were D. W. Hammack, D. N. Mackay and W. A. Goodwin and each, in speaking of patriotism from their different standpoints, brought out features worth attention but often overlooked. The church was decorated in the red, white and blue and donations, amounting to \$5.95, were received to be used in buying a flag for the church.

The Caledonian Club will meet tomorrow night at eight o'clock in Chief Robertson's office. All members are requested to be present.

The rink will be the place of the festivity and splendid decorations are in progress for the occasion, March 17, at 7:30 P. M. The full program will be published next week.

## DEMONSTRATION CAR HAS GOOD EXHIBIT

The methods of handling sheep and wool to get the best results as demonstrated in the wool car which was in Condon Monday was very interesting to the sheepmen who were able to be present and will be of much value to them. A large number of local people visited the car also and were surprised at the manner in which the Department of Agriculture and the Agriculture College have worked out these demonstrations for the benefit of the woolgrower. The methods shown were obtained from practical tests and this information is appreciated by the sheepmen. Owing to the bad weather it was impossible for many to get here but those who did come felt well repaid. Forty nine attended the luncheon which was served at the Summit Hotel for the visiting woolgrowers and the local business men and a number of short talks made it more enjoyable. Condon was the first town on the itinerary of the wool car to entertain in this way and the Condon Commercial Club was heartily congratulated on this account.

## AN EXPLANATION

Editor The Globe,  
Condon, Oregon.  
Dear Sir:

I wish to state in fairness to Superintendent Sturgill that he was in no way responsible for the pupils of the High School being asked to remain away from school for several days on account of the Scarlet Fever. The health officers informed me on Monday evening before that he thought it well to ask pupils who had possibly been exposed to remain out of school for a time.

Mr. Sturgill knew nothing of this ruling until the next morning when he came to teach the classes of Mrs. Kenyon who was ill.

D. W. Hammack.

The business of 1917 which started off so good in January kept up through February. Postmaster McMorris reports that postal receipts during February increased 33 per cent over the same month last year.

Mrs. M. S. Weins was a passenger for Portland Tuesday morning.

Blaine Maley, who has been suffering from a severe attack of sciatic rheumatism, is spending the week in town under the care of Dr. Reynolds.

Parsons' Orchestra of Portland will be in Condon March 22 to play for a dance in the rink. This is the Orchestra which played for the Elks in Heppner. It gives satisfaction at every engagement.
