

## Ready Cash Always Finds A Listening Ear

The man with a goodly balance in the bank has confidence. When he talks his words have weight. Always be sure that you are prepared for a temporary setback by having money in the bank. If your business is well established and on a sound basis, make it doubly so, for almost every day some new deal presents itself. Money makes money is as true today as it ever was. We will be glad to explain our banking system to you.

### THE BONDING BILL Continued from first page

and it is possible that in the future I will have the time to go into some other matters like having and experience of other states with roads of certain kinds. The present bill is not a question of whether we want good roads in Oregon, but rather a question of whether the bill to be submitted to the people in its present form will give those who vote to the people. We all want good roads but they should be honest roads and a system of roads whereby we will get a scheme against them without bankrupting the State.

There are many other things in this bill that could be discussed. T. A. WEINKE

### NEGATIVES WIN FRIDAY'S DEBATE; OTHER HIGH SCHOOL NEWS

The debate last Friday "Resolved, That interscholastic contests in oratory should receive more attention than interscholastic contests in athletics," was won by the negatives on a two to one decision. It was one of the most interesting debates that has been held at the High School for some time. The affirmative was upheld by Edward Finlay, Alex Hardie and Roy Carnine, who claimed that oratory should receive more attention than athletics, because oratory developed the mind more than athletics and that athletics were injurious to the health. The negative side was defended by Vivian Austin, Hortense Farr and May Campbell, who sustained their side of the question by contending that oratory did not develop the body and mind at the same time and that physical training to the youth was as necessary as oratory and that athletics develop the mind as well as the body. Professor Hammack, Miss Lucile Hawson and Herbert Welshons acted as judges.

The basketball game Monday night between the girls' teams was won by a score of 12-8. The game between the boys' teams was won by the First Team by a score of 13-20.

There will be a double header played with the Fossil High School at Fossil, Friday, March 16, between the girls' and boys' basketball teams of the Fossil and Condon High Schools.

The Freshmen will give their party tomorrow evening instead of on the 16th on account of the games scheduled at Fossil.

The Freshmen class has challenged the Sophomore Class to a debate, on the question, "Resolved, That Mexico should be annexed to the United States" and the former will support the affirmative. The Freshmen will be represented by Mabel Hoskin, Elton Clarke and Claude Myers, while the negative side will be defended by the following Sophomores: Helen Summers, Mary O'Rourke and Lola Keizar.

#### THEY GET RESULTS

The telepathic advertising bureau of the Globe is still on the job. Last week O. C. Veatch wanted to sell his Ford runabout and so brought an ad to the Globe. The ad was inserted and the telepathic bureau got busy with the result that Mr. Veatch sold the car to Frank Moore before the Globe reached the readers. One way or another Globe ads bring results.

by Bonbon, whom I instructed not in any way to allow that I be interrupted, ascended to my own apartment and seated myself in a large chair before the glowing ashes of a small fire of fragrant chip twigs, which kind Madam Kizle had had lighted against what she called a "May chill" during my toilet of the morning. Above me from the mantelshelf that Grandmamma Caruthers looked down with her great and noble smile, while the flame in her eyes seemed to answer that in my soul as I communed with myself.

# THE GOLD STANDARD OF VALUES

**FORD**

320,817

Have been built and actually delivered to retail buyers since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months.

Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

can easily be called "the best." "Equal to any car at any price."

But the man who pays the money, and who will investigate the Dort, will find that it has the stuff in it--a sincere structure of strength--of quality--of backbone--of energy--all beneath its beauty and comfort.

The Westinghouse Electric Starter and Light System is but one of its many refinements.

The Dort has made good for thousands under every test of economy and service.

The third year on the market and a complete stock of parts for the Dort car is kept in Portland.

**REO**

It would be difficult to say just what is "the best thing" about Reo automobiles and Reo motor trucks.

One would say "the service that goes with every Reo." Another would say "uniform excellence" is the "best thing" about Reos.

But we would say without a second's hesitation that one of the best things is the fact that every Reo model is, long has been, long will be, standard.

You'd say Reo quality was probably the "best thing" about Reos--and, of course, there's no gainsaying that.

Consider this most carefully in your selection of a car--this fact, that every Reo model is standard from season to season.

It is a staple, not a novelty, you buy when you buy a Reo.

And if you do have to wait a few days for a Reo, where as you can get other makes right off the floor--remember there's a reason, and that reason is the best possible reason why you should select a Reo for yours.

It means money in your pocket and satisfaction.
