BROTHER PATTISON IS BACK

S. A. Pattison, editor of the Condon Globe in the early days, has recently purchased the Herald at Heppner and the first copy under his management has just reached our desk. It is a decided improvement over former issues. Mr. Pattison is a good newspaper man and he will give the Heppner people good service.

THEY SAY--

THAT garbage cans should be carefully disinfected and laid away. There may come a time when they will be in demand again.

THAT they are talking of passing a law to protect skunks for their skins. Most of the skins we know are skunks who should receive no protection.

THAT potatoes have eyes but cannot see. Help the blind—\$3.50 per.

THAT if corn, having ears, ever hears of the price potatoes are bringing, it will cost more to get an ear of corn than it now does to get the ear of a politician.

THAT buying ribbons for typewriters is legitimate—but straw hats with snow on the ground, not.

THAT gasoline is going to be higher on account of the scarcity of potatoes. That excuse is as good as any other.

THAT it is better to have loved a short man than never to have loved a tall.

THAT one of Bernstorff's secretaries carried away with him over 200 suits of pajamas. Good night, shirt!

THAT it doesn't pay to be too inquisitive. It was Eve's curiosity that got her in bad, you remember.

"What is it that you will now do, Roberta, marquise of Grez and Sya?" I asked of myself, with a slight shaking of my knees in their cheviot trousers. "It is hardly possible that you will escape from revealing your woman's estate to this Frenchman of your own class. Here all mistakes of a man's estate are forgiven you and laid to the fact of your being an alien, but that Lieutenant Count de Bourdon will ask questions of you and perhaps has a knowledge of your relatives and friends—indeed, must have. Also already that wicked Madam Whitworth entertains suspicions of you. What is it that you will do?"

And after I had asked myself for a second time that question I sat and looked into the eyes of that Grand-mamma Carruthers for many long moments and had an argument with my-

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief **PERUNA**

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restores the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.
