PRaises CHAUTAUQUA

Continued from page 1
time to thank your organization for the very real help it has given to America in the struggle that is concerned with every fundamental element of national life. Your speakers, going from community to community, meeting people in the friendly spirit engendered by years of intimate and understanding contact, have been effective messengers for the delivery and interpretation of democracy meaning and imperative needs. The work that the Chautauqua is doing has not lost importance because of war, but rather has gained new opportunities for service.

Let me express the hope that you will let no discouragement weaken your activities, and that the people will not fail in the support of a patriotic institution that may be said to be an integral part of the national defense.
Cordially and sincerely yours,
WOODROW WILSON.

The usual morning services will be held at the Congregational church Sunday and in the evening there will be a special Easter service and musical program.

HAS RIGHT SPIRIT

Pete Keto, an Italian who has been working in Ferry Canyon, certainly has the right spirit. He recently received a letter from his father who is in Italy, saying that one brother had been killed and another had lost both legs and one arm. Keto immediately quit a good job and went to The Dalles where he hunted up Loui Comini and told him he would give \$100 to get into the army right away. Now Keto is an American citizen and comes under the draft but that method was too slow for him. Mr. Comini told him he did not want his money but would gladly take him to Portland. They went to Portland where they got busy with the authorities and the result was that Mr. Keto was offered a job cutting spruce. This he refused indignantly and told the officer, who had taken up his case, that he wanted to get to the front and he wanted to get there soon so he could get a crack at the Hun. The officer did his best for Keto and finally got him a place with the heavy artillery and he started his service happy and with the expressed opinion that Uncle Sam was pretty good to him.

The three-day-old son of Mr. and Mrs. Fred May of this city died Monday. Death was due to defective circulation. The funeral was held at 2 P. M. Tuesday and the services were conducted by Mrs. G. Wicker and Mrs. John Harrison. Interment was made in the local cemetery.

Heavy paper, canvas, or cloth should be used for wrapping packages. When canvas or cloth is used the address should be written on a shipping tag, with the name and address of the sender on the reverse side.

Given names should be written in full, instead of initials. The title of the addressee and the full name of the unit or organization to which he is assigned should be added, it being sufficient in the way of further address to use the words "American Expeditionary Forces."
