LOAN OR GIVE?

This war will be won by men, money and materials and these all must come largely from this country. The men are going every day, there is no lack in this essential, and materials also are ready, but it takes money to furnish the materials and get the men ready and on the field of action. For this purpose there is needed a large part of the entire savings of the people and they must be given up either as taxes or as loans. The more freely we purchase the Liberty bonds and the wider their distribution the lighter taxation can be made. Since our savings must go to the government in one form or another, it is obviously to our interest as individuals to give them as loans, which will in the end be repaid to us, than in the form of taxes, which will not be repaid. The drive for the Third Liberty Loan starts tomorrow and it should be heartily received and promoted. Remember, money is just as necessary as men and materials and we who cannot go to the front will have to hold up our corner of the triangle which is money. Also it is much better for us to loan it to Uncle Sam than to give it in taxes.

"OVER THE TOP"

At various times Globe readers have mentioned that they would like to read the great war story, "Over the Top," and we are pleased to announce that we have secured this story and the first installment will appear next week. The story was written by Empey, an American, who went over there as soon as the Lusitania was sunk and battled for two years with the Canadians. He saw more real fighting than probably any other man who has written about the war. "Over the Top" is the best seller of the season in book form and is well worth the time it takes to read it.

Rockefeller has just finished paying his income tax, amounting to \$2,400,000. This leaves him only \$22,000,000 with which to support his family this year. With the help of the Hoover regulations, this should be made to answer if he gives careful attention to the garden.

The kaiser is said to be a diligent student of the career of Napoleon. There are a few incidents towards the close of that career that are not calculated to give William any great amount of satisfaction if he would emulate the little Corsican.

There are, of course, many citizens whose civic pride makes such a suggestion needless, but the movement for a cleaner city this summer should be carried into every nook and corner of Condon.

The men of this country have decided that they will not permit the women to do all the conserving of clothing, so they will give up the belts of their coats.

It would seem that there is nothing too improbable to happen. A Kentuckian has died from too much whiskey.

MICKIE'S COLYUM

I'm the new "Devil" and one of the first things the boss told me was that I had a certain part of this page to fill each week. I thought I had plenty to do as it was and just between you and me I think the boss had a crust to expect me to put over anything but if my stuff gets by him I should worry.—Mickie.

I heard one of our neighbors tell my mother that her aunt said that she heard at the Gossip Club that Winnie Whitesocks and Fanny Fatankle couldn't go to church Easter Sunday because Winnie's new hat didn't come and Fanny had not received her new camouflage suit. I told the boss and he said "it's probably a good thing for if the expected hat and suit looked anything like the ones they sported last year they wouldn't have made any hit with the Almighty anyway."

This paper wishes it understood that it welcomes spring poetry and cannot get too much of it. We intend to start early to lay in our winter fuel.

If being in love didn't take away the reasoning power, it is my humble opinion there would be fewer marriages.

If your garden is made and your housecleaning done, it is safe for you to feel well enough to go fishing.

Did Hindenburg eat dinner in Paris April 1? He did not. But he may get there yet—as a prisoner.

The man who is pleased with himself is usually hard to please in other ways.

The common people will be uncommonly popular from now until May 17.

How does it seem to be up before the sun?

Started your war garden?

No one loves a knocker.

Well, it's full

So I'll see you

Next Friday.
