HARRY LAUDER'S ADVICE

Harry Lauder is being serious these days. The famous Scotch comedian is subordinating his comedy to the all-embracing demands of war. Along with his work for his Injured Soldiers' fund and the Y. M. C. A., Lauder is making an earnest appeal to Americans to prepare for the next Liberty Loan. General subscription is the theme of Lauder's message. Here is what he says:

Liberty is the dearest word in any language. It is the thing the Germans are fighting to take away. It is the one big thing we must fight to keep.

What have you done to help win the war? What are you doing to preserve liberty?

Every Sunday 500,000 Germans in the United States sing songs of pulling the trigger; they are talking of you—of the United States. What are you doing to do about them?

Right now our answer must be—BUY LIBERTY BONDS! We have given that answer once, twice already. But we must make it again and again as need is. We must turn our dollars into silver bullets. That is the way we can become shareholders in the Bank of Humanity. Our part is to provide the wherewithal, since we can't do what the boys out there are doing.

Back in France I saw battalions of young fighters marching along and chanting a song—any old song—right into the mouth of death. They knew where they were going. They were fighting to save LIBERTY. And they are calling on you to help them, you back here.

Our part is easy compared with theirs—but it is OUR PART and it must be done. Put your money into liberty supports. Sign up as shareholders in humanity's bank.

The chaplains of the British army are a fine, manly set of men, and are greatly respected by Tommy.
