CONDON, OREGON, FRIDAY, MAY 10, 1918

NO. 8

## COUNCIL MEETING HERE SATURDAY IS SUCCESS

One of the most enthusiastic and best attended Agricultural Council conventions ever held in the state of Oregon was in session in Condon Saturday. Delegates from every part of the county were in attendance and every branch of agriculture was represented. The meeting was called to order by Supt. Sturgill and W. J. Edwards of Mayville chosen temporary chairman. County Agent J. C. Hawkins gave a brief outline of the purpose of the meeting. H. C. Seymour outlined the plan of the Agricultural Council, Wallace Kaddyer emphasized the importance of organization, Mrs. Jessie D. McComb gave a brief talk on the importance of conservation in the home and Supt. Sturgill spoke of the importance of saving wheat. A nominating committee was appointed to select a president, vice president and secretary-treasurer and a committee was appointed to draft constitution and by-laws. After dinner the meetings were taken up in separate sections, the Club people in one section, the Home Department in another and the County Agent work in still another. In the County Agent section J. L. Blalock of Arlington was chosen temporary chairman and J. C. Sturgill secretary. The following projects were discussed and plans adopted.

**LABOR**—The labor discussion was by far the most interesting one of the day. A committee of five to meet with the other committees from eastern Oregon at Pendleton June 8 was appointed as follows: Jas. Cameron, A. Wheelhouse, R. B. Chaney, L. E. Fowler and J. A. Smith. Rodent Control and Field Demonstration were the next projects discussed. Under the head of Grading and Price of Grain, it was the sense of the meeting that the farmers want their grain graded and the price fixed at their local shipping point and also want a Federal grain inspector for the county. The committee selected to work this out with the County Agent is J. A. Smith, C. R. Peugh and F. E. Smith. The Executive Committee selected for county agent work is Fred Weatherford, J. W. Dyer and Oscar Maley. H. F. Shanks was chosen to head the club work. Officers chosen for county agent section were Sherman Wade, president, and J. C. Sturgill, secretary-treasurer. After the sectional meeting all gathered together, listened to the reading of the constitution and by-laws and adopted them as read. Officers for the Council were then chosen as follows: W. J. Edwards, president; Mrs. Phillipi, vice president; C. H. Horner, secretary-treasurer. In the Home Economics committee meeting M. E. J. W. Dyer was chosen chairman and Mrs. Wheelhouse secretary. Mrs. Dyer, Mrs. Wheelhouse and Mrs. J. J. Portwood were elected members of the executive committee. A program of work was outlined by Mrs. McComb and adopted for this county.

Claud Clark of Arlington purchased a Buick Six from L. E. Shelley this week. Mrs. W. J. Russell went to Portland yesterday. Mrs. W. A. Graves who has been seriously ill at her home in this city for several days, is slowly recovering.

## OLLIE RINEHART IS IN 12 BALLOON COMPANY

Oliver P. Rinehart sends a short letter and a copy of his company paper. He says: "The first copy of our company paper is just off the press so I thought I had better send you one. Just got a letter from Frank Burns and he says he is camped just a few miles from Company G of the 102nd but hasn't had a chance to go over and see any of them yet. I didn't think Frank would get over there before I did but the drafted boys are beating us to it. I think we will be here a few months yet but we may get orders to pack up tonight and leave within 24 hours. The army is one place where you can't tell one minute what is going to happen the next. It was raining this morning but stopped about 10 o'clock so we got a chance to go out and try our luck with the pick and shovel. I was over at Yorktown Sunday and I think Cornwallis picked a very nice place to surrender. Norfolk is not a bad place but there are so many sailors there a soldier feels lost. Hampton Roads is a fine little place. Think I will go to Richmond next pay day and perhaps to Petersburg. Thanks for the Globe." Ollie is in the 12th Balloon Company and their paper is well named "The Observer." It is a very good paper and contains a good story of the 12th Company in which Ollie's name is mentioned. He is a first-class private. This company has a great record and the paper says: "Since the 12th was organized it has been reported, rather officially, that the kaiser has had several hemorrhages and found it necessary to increase his quota of personal physicians."

## ONE-FOURTH OF THRIFT STAMPS ARE SOLD NOW

By J. C. Sturgill  
I again call your attention to the fact that Gilliam county's apportionment of Thrift and War Savings Stamps is \$82,000 or \$20 for every man, woman and child living within the boundaries of the county. In fact the apportionment per capita for the entire nation is \$20. Gilliam county thus far has sold \$18,000 or about 22 per cent in the four months. So we must sell more in the remaining eight months. Each person in the county must purchase on an average of at least two dollars per month or sixteen dollars worth between now and January 1.

## SUGAR TO BE ALLOWED FOR CANNING PURPOSE

On May 1st potatoes ceased to be a substitute for flour in so far as purchases were concerned. Persons with wheat holdings are again cautioned to report the amount of their holdings before May 15 or they will be held to accountability.

Merchants or consumers having over a 30 days' supply of flour on hand should report the same at once or they may meet trouble ahead. In making your estimates the merchant will figure 70 per cent of what he used in the corresponding period of last year. The consumer will remember that each person is allowed 6 pounds per month.

For the purpose of canning and preserving berries and fruit persons will be permitted to purchase 100 pounds of sugar at a time. They must first sign an affidavit that the sugar is to be used for canning and preserving and for NO OTHER PURPOSE. Later on they will be required to make an itemized statement as to just what disposition was made with the sugar. This 100 pound regulation does not change or alter the supply for family or table use.

## Jake Schroeder Writes to Voters

May 9, 1918  
To the Republican Voters and Citizens of Gilliam County:  
It is with a feeling of deep regret that I feel called upon to make a denial of certain reports which are being circulated for political purposes to the effect that I had given expression to pro German sentiments since the beginning of this war.

I have been a resident of this county for the past eighteen years and I know that I am just as loyal and patriotic as any citizen in this community and was surprised indeed to learn that I had an enemy capable of making an accusation against me as serious as this one. I am inclined to be charitable, however, and believe that it was thoughtlessness on the part of the person who originated the charge and I feel sure that my friends and acquaintances are absolutely convinced of my loyalty to my country and its people.

**RESPECTFULLY,**  
JAKE E. SCHROEDER.

## PUPILS OF LOST VALLEY SCHOOL ARE PATRIOTIC

By J. C. Sturgill  
The Arlington school was visited last week and everything found to be in good working order. Teachers and pupils are taking quite an interest in the sale of War Saving Certificates and in Junior Red Cross work.

The school at Lost Valley recently gave a party at which \$38 was secured for the purchase of necessary equipment. This school has only three pupils so they did exceptionally well in securing that amount of money.

May 16 and 17 are the regular dates for the eighth grade examination in the state. There will be about 60 pupils in this county try this examination. Pupils preparing for this test should remember that much time has been devoted to war work and as the questions are made up from the actual work of the year they should familiarize themselves with the following activities: Red Cross work, Thrift Stamp sales, Liberty Loan drives and Food Conservation.

## Parcel Post Social Will Be Good Time

You are cordially invited to attend the good time planned for Friday evening, May 24, at the Congregational church. An admission fee of 10 cents will be charged at the door but those who do not bring packages will be charged more. An interesting evening is being planned.
