

# 100 PER CENT VALUES

**WE HANDLE NOTHING TO  
SELL AT "HALF PRICE"**

The plain reason we are not offering our goods at half price is that every article you purchase at our store is guaranteed to be 100 per cent value. We can sell only cheap articles at a cheap price. Houses that advertise goods at half their real value must, in the nature of things, make up the shortage from other sales or misrepresent the article sold. They "rob Peter to pay Paul" and you are as apt to be Peter as Paul. To avoid this chance trade at the 100 per cent value store

### BOTH SIDES SHOULD HAVE VOICE

One thing lacking at the wage discussion of the Agricultural Council was the presence of the wage earners. There should never be any attempt to fix the wages that shall be paid for labor unless the laborers have a voice in the fixing for the buyers of labor have no more right to fix the price alone than have the laborers themselves. There is no doubt in our mind that the farmers would fix a wage scale fair to all concerned when they meet at Pendleton in June but the result will be more satisfactory all around if the workers are asked to send committees to represent them.

At first it seems a treat to a man to hand his wife money but the novelty is not long in wearing off.

Engagements are becoming more expensive since automobiles became so popular and there isn't near the same chance to get your money's worth.

The button supply of the country is running short but that doesn't make any difference to many of us. The supply of nails is still plentiful.

Jess Williard has been barred from boxing by governors of various states. Nobody would bar him if he tried a bout with the kaiser.

Some folks have such unreasonable imaginations that they would think they were flying if they were falling from a church steeple.

The Overman bill is a great little visitor. It has spent four months with the Senate and is now being entertained by the House.

It seems that the only thing the many different races in Austria have agreed upon is that food is necessary to sustain life.

The people note with satisfaction the news that the interned German prisoners are to be put to work constructing roads.

Most of us would be more favorably disposed toward wealth if we had the opportunity to get on familiar terms with it.

Hats off to the farmers and stockmen! In their busy season they took time to dig up for the Third Liberty Loan.

If we didn't keep our eyes so closely riveted on the mistakes of others we might see our own.

Peanuts may be, as claimed, good food, but peanut politics is poor pabulum for war times.
