Chain Letters Disapproved by the Treasury Department

The Treasury Department authorizes the following:

Chain letters, which in the past have been used to get funds for worthy purposes and for some unworthy ones, have been started by some enthusiastic workers for the sale of war saving stamps.

The Treasury Department has officially disapproved their use, and the National War Savings Committee wishes the public to understand that these letters were not instigated by the national committee.

Gives Shower for Miss Greiner

Mrs. B. A. Cathey entertained at a miscellaneous shower Saturday afternoon in honor of Miss Mary Greiner, who became the bride of Olin V. Reser this morning. A number of Miss Greiner's intimate friends were present and a delightful afternoon was enjoyed. The hostess served dainty refreshments.

Mrs. C. F. Cathey of Portland is a guest at the B. A. Cathey home this week.

George Cavan of Shaniko is in Condon today.

Charles Anderson left for Bend yesterday.

Mrs. C. A. Fenton went to Portland today.

Bert Owens of Ajax was a Condon visitor yesterday.

Hollen & Sons sold W. B. Smith a Mitchell Six touring car last week.

Mr. and Mrs. J. C. Sturgill and daughter, Margaret, returned Saturday evening from a week's visit in Portland.

THE WISEST THING YOU CAN DO

Deposit your savings in this bank and watch them grow. Every day a little pile gets bigger and soon you will have a "heap."

When they reach respectable proportions, INVEST THEM. Deposit the income from the investment and then WATCH IT GROW.

Pursue this policy energetically and systematically and some day you will be rich.

Start today and start with us.

Warning to Fuel Users

We quote the following from U. S. Fuel Administrator Garfield's order of March 30, 1918:

"Every householder, every public utility and every industrial user of coal is earnestly advised and urged to place without delay their orders for coal to cover their needs for 12 months beginning April 1st"

We most earnestly advise the public to place their orders and signify their willingness to accept immediate delivery of their coal requirements for the coming fall and winter.

We believe there will be great difficulty in supplying good coal later in the season and that many consumers will either be short of coal or will of necessity be obliged to burn inferior and low grade coals which will prove extremely unsatisfactory.
