

# WE SAVE MONEY FOR OTHER PEOPLE

AND PAY THEM FOR THE PRIVILEGE.....

Put it in this bank and it will be neither spent, stolen nor lost. But it will earn you interest for every day it remains with us. People should always make their money earn more for them. Start your account today and tomorrow it will be working for you. It's the surest and easiest way. Ask about it.

## ....CONDON NATIONAL BANK

CONDON, OREGON

Member Federal Reserve Bank

### The Safe, Steady, Farm Light

Lalley-Light is electric light for the farm.

It is safe. It is clean. Its cost is low. Its brilliance is always steady, without a flicker.

The light direct from the generator, with the plant in operation, is as sure and steady as when the current comes from the storage battery.

This is so because Lalley-Light engine is designed especially for driving an electric generator.

Lalley-Light has been in successful farm use for six years. It brings new conveniences, better living, to every farm. Its light and power cost but a few cents a day.

Let us demonstrate LALLEY-LIGHT, Free

### CHAUTAUQUA MUSIC TO BE ESPECIALLY GOOD

The music of chautauqua week in Condon will range from the stirring martial airs played by the New York City Marine Band to the enchanting melodies of the Hawaiian Islands. The Apollo Concert Company will be here the first day, the Royal Hawaiian Quartet comes the second day and the third day brings the Metropolitan Artists directed by Mary Welch, the well known American soprano. The musical feature of the week will be the big band on the fourth day with Mary Adel Hayes, the coloratura soprano who was here last year. The fifth day will be a joyous one. The Eichhorns, veteran leaders of mass singing are coming to put over the community singing. Community singing is a force for unity. The last day brings two thoroughly enjoyable and inspiring programs by the Schubert serenaders, six girls of rare charm and talent.

#### MICKIE SAYS

The Germans are a musical nation. We trust they will enjoy Sousa's band when it plays in Berlin.

David Miller is a Condon visitor this week.

Mrs. Virginia Wright, operator at the local depot, went to Wasco Tuesday for a few days' visit at her home there.

Mrs. Geo. Baumgartner went to Portland today.

H. J. Simmons of Fossil was in Condon Sunday.

Cecil Cosper, deputy internal revenue collector, is in Condon this week on business connected with the collection of income taxes.

### CARBURETORS AND TEETH

By Dr. Painless Parker

The carburetor that takes the raw gas and makes power for the throbbing engine is tuned and put in perfect condition before every race.

How about you in the race of life?

Your mouth is your carburetor.

Your teeth determine whether your food is real power or a dead load dragging back the entire human machine.

Today 80 per cent of the people of this Nation are trying to race with cracked carburetors — decayed teeth and 80 per cent at the age of 65 are dependent on others.

There is an obvious connection in these percentages that is well worth your thought.

Without good teeth to properly prepare the food for the stomach you are not going to make the grades of life on high.

Last year the teeth of more than 100,000 people were repaired by the Painless Parker System.

This System insures the best workmanship at a price you can afford to pay.
