ANNUAL RACE MEET EDITION GILLIAM COUNTY'S OFFICIAL NEWSPAPER

Number 4

Thursday, May 30, 1918

5c on the Street

## HUN OFFENSIVE COMES TO STOP

United Press

Paris, May 30.—The Allies are holding the enemy at all points on the Aisne, according to the official report this morning. The battle continued fiercely all night long and fierce fighting is going on today. The French are still holding the western outskirts of Soissons. The Germans have repeatedly attempted, with frightful cost, to oust the French and take this position but failed utterly. Fiercest fighting continues in the region between Vezelly and Soissons and along D'Artennes road which is south of Soissons and twenty miles from the original battle line.

### French Official Report

Paris, May 30.—The official report issued this morning said: "The French troops, gallantly sustained by reserves, are opposing the German advance with great tenacity. Franco-British troops broke up all assaults on their positions at Brouillet near Vezelly and Thillais near Rheims and northwest of Rheims on the St. Thierry heights.

## HUNS LOSE 520,000

United Press

By Henry Wood

U. P. Correspondent with the French Army, May 30.—The Germans have lost 520,000 men since March 21, according to the most reliable compilations. This means that the enemy lost 2000 men in each division used.

## APPOINTMENTS VETOED

United Press

Washington, May 30.—It was learned here today that the appointment of Generals Wood, Bell, Scott, Barry and Morrison for overseas assignments have been vetoed. These are all prominent army men. Three of them were formerly chiefs of staff and one assistant chief.

Bert Brown is over from Wheeler county this week.

Dr. McKenzie came over from Fossil yesterday to see the races.

## ADMITS SMASH MUST SLOW UP

United Press

Zurich, May 30.—That Germany's present offensive is not meeting with the success that was expected is shown by the fact that the German grand headquarters issued a notice today to the German people telling them not to expect the present advance to continue at the same rate that has been maintained for the past few days. The reason for the slowing up of the attack is the increasing strong resistance of the Allied forces.

## MILLION GONE ACROSS

United Press

Chicago, May 30.—Senator Lewis, in a Memorial Day address here today, said that the United States has an army of a million men on foreign soil and is now the second in naval power.

Dr. C. F. Cathey is up from Portland today.

Our remembrance for one day of the service of the dead is valuable only if it inspires in us, the living, their spirit of devotion.

## AMERICANS SMASH HUN ATTEMPTS TO RETAKE CANTIGNEY AND DIG IN

United Press

By Fred Ferguson

With the American troops in the field, May 30.—The Americans are still holding Cantigney in spite of repeated furious German attempts to retake the town. The fifth successive counter attack by the Germans was decisively repulsed last night. The Germans laid down a heavy barrage for this fifth attempt but

the American artillery immediately responded with a heavy fire, effectively smashing the German protective barrage. The American machine guns raked the enemy positions from end to end. The American troops are strengthening their new positions rapidly and the infantry is digging in regardless of the enemy's constant shelling.

## HOME TROUBLES HINDER AUSTRIA

United Press

Geneva, May 30.—Austro-Hungary internal disorders have paralyzed the plans for the contemplated offensive against Italy, declare the dispatches from Innsbruck. Serious riots have broken out again at Leibach and also at Gratz where the Slavs and Yugoslavs have attacked the Austrian troops. The soldiers fired into the crowds, killing and wounding several. The recent riots at Prague were decidedly serious. It is estimated that there were two thousand casualties there.

## FIVE RACES TODAY; CONDON'S BEST MEET

There were five races today, a special five-eighths mile run having been arranged for a purse of \$125. The general opinion seems to be that the races this year are better than last year, in fact the best ever seen here. Tomorrow's program looks good and should bring some exciting finishes. The program follows:

Free for all trot.....	\$200
2:25 pace .....	150
1-2 mile run .....	125
3-4 mile run .....	150

R. E. Graham and son, Doc, came up from Brownsville yesterday to close up their business here. They have a fine farm near Brownsville. Mr. Graham is one of the pioneers of this county.

## ECLIPSE BEST IN NORTH GILLIAM

Condon folks who want to get the best view of the sun's eclipse on June 8 should journey down to the top of the bluffs in the Nook, between Blalock and the mouth of the John Day. The center of the path of totality crosses exactly where the John Day empties into the Columbia and the Scientific American gives this point as one of the best for viewing the wonderful spectacle. The path of total eclipse travels just on the other side of Rock Creek so Condon is just on the fringe with probably 99 per cent of totality. The total eclipse will last about one minute and 53 seconds and although this is a short time, the sight one will see if in the path of totality will be well worth traveling a few miles. The shadow of the eclipse will pass through this county about four o'clock in the afternoon. People who do not have a telescope or opera glasses should use a smoked glass.

## SMALL CASUALTY LIST

United Press

Washington, May 30.—Thirty-five names were included in today's casualty list. Five were killed in action, 2 died from wounds, 9 were wounded severely and the remainder were slightly wounded.

Leland Stiewer of Fossil was in Condon yesterday for the races.

W. K. France was up from Rock Creek yesterday.
