

100 PER CENT VALUES

**WE HANDLE NOTHING TO
SELL AT "HALF PRICE"**

The plain reason we are not offering our goods at half price is that every article you purchase at our store is guaranteed to be 100 per cent value. We can sell only cheap articles at a cheap price. Houses that advertise goods at half their real value must, in the nature of things, make up the shortage from other sales or misrepresent the article sold. They "rob Peter to pay Paul" and you are as apt to be Peter as Paul. To avoid this chance trade at the 100 per cent value store

Service to the Nation

It is said that there are some in Condon who have been preaching the gospel that the chautauqua should not come to Condon this year because of the war activities and the sacrifices the people are making for that purpose. But if anyone tries to tell you that, just remember that he is not well posted or one of the few who have been against the chautauqua from the beginning. The great central aim of the chautauqua program this year is service to the nation. First, by mobilization of the public opinion which shall back up the government in the prosecution of the war. Second, by bringing a cheerful and brightening influence to relieve the tension of mind naturally caused by the seriousness of war time. Much depends on the way public opinion in the country is stimulated and directed. A country of one mind is invincible and the chautauquas, reaching practically into every town and city, offer a manner of reaching the people and affecting a solidarity of opinion rivaled only by the press. Our Government recognizes this and is squarely behind the chautauqua.

The president showed excellent judgment in selecting his secretary of war for who could be better fitted to handle doughboys than a Baker.
