**CHAUTAUQUA TO BRING FINE LECTURERS HERE**

Condon folks will remember with a great deal of interest Dr. Boyl and his great lecture at the 1916 chautauqua. He will be here again this year. And he is only one of the truly great lecturers the chautauqua is bringing to Condon. Some of the others who will be here are Henry Warren Poor, the noted illustrated war lecturer; Mrs. A. C. Zehner, accredited Government representative; Minosoku T. Yamamoto, Japanese educator and diplomat; Dr. A. D. Carpenter, celebrated astronomer and lecturer; Arthur Walwyn Evans, of the Lloyd-George family, whose great lecture "What America Means to Me" is a stirring patriotic appeal, and Beatrice E. Heskett, with a splendid message on physical training. It will be a great week from the lecture standpoint. And it will be an interesting week for the children for "Mother Goose" is to be here to work with them.

Mrs. H. A. Concannon returned Sunday from Kansas City, Missouri, where she has been visiting for the past month.

**OLD MILL IS TO HUM WHEN NEW CROP COMES**

The Condon Milling Co. is rebuilding the old mill on upper Main street and will have it ready for operation as soon as the new crop is harvested. The exterior will be partly refinished and a coat of paint will cover up all traces of the fire. The interior will be almost entirely refinished. The machinery all needs overhauling and fixing. The flour ground last year by this mill was as good as any ever brought to Condon and under the management of W. G. NeVill the same quality will be produced when the mill starts grinding again.

E. J. Clough of Portland is in Condon looking after his business interests.

Running Water

Lalley-Light  
Convenience

**Better Light at Lower Cost**

Lalley-Light actually costs less than poorer light.

It costs less because of the time it saves and the labor it saves.

It costs less because it gives better light for after-night work.

Because it makes the home more cheerful.

Because its electric power runs the churn, and the separator, and the women can do other needful tasks.

Because it enables you to have running water in house and barn.

Consider Lalley-Light as an economy, and you will not be wrong—as owners' testimonials show.
