Farmers Elect Officers

The annual meeting of the stockholders of the Farmers' Elevator Co. was held in this city Monday afternoon. The report of the secretary treasurer showed that the company is in a good financial condition and making a reasonable rate of interest on the investment in spite of the crop shortage of last year. L. E. Fowler and F. C. Greiner were elected to fill the vacancies on the Board of Directors. After the meeting of the stockholders the Board of Directors met and elected J. W. Dyer, president; F. C. Greiner, vice president, and H. F. Schilling, secretary-treasurer.

The Rurrell Construction Co. is making some repairs at the elevator and the plant is in better condition to handle grain than ever before.

AUTO TURNS TURTLE; RIDERS ARE UNHURT

L. E. Fowler, Clyde Willaby and Elmer Booher had a narrow escape Saturday morning when Mr. Fowler's Super Six turned over in the road near R. E. Myers' place west of Condon. A loose steering gear was the cause of the accident. The car turned completely over and smashed the top, the windshield and one fender. Mr. Willaby and Mr. Booher were able to crawl from under the car and then pried it up so that Mr. Fowler could get out. All were bruised quite severely. They were on their way to Moro.

Wilkins Doing Well

Will Wilkins, a Gilliam county boy who is in the aviation service, continues to advance. In a recent letter he says: "Another opportunity to attend a higher school of military education has been offered and I want to go because I feel that I am qualified for entrance. It will be at Columbia University, New York. The government has the school well under way now. I receive the Globe each week and enjoy it very much. Today we have had the first rain for two months and not very much of it at that but even a little felt good to us for it is very warm here."

By conscientious and persistent effort Mr. Wilkins has qualified in the aviation service, having attained the rank of 1st Sergeant of his Flying Squadron and has also been assigned to the Aerial Mapping and Photography Department.

Boy Scouts on Outing

The Boy Scouts of Condon are spending the week on Rock Creek! They went on Monday morning and will return Saturday. In addition to the vacation they are working for the government by looking up the number of walnut trees along the creek that will be suitable for the government use in making gun stocks. Each tree they find will be measured and catalogued and the price asked for it by the owner. This information will be furnished to the government. The Scouts are in the charge of Scoutmaster Weidman.

More than 100 Gilliam county people were present at the Moro Experiment Station last Saturday, Gilliam County Day. All then went to the farm where the various experiments were explained to them. Those who went are very enthusiastic over the work being carried on there and feel well repaid for their trip.

Boy Needs Car; Takes It

Buster Twigger, a 14 year old Portland boy, was arrested Monday for taking the Chevrolet car belonging to the section foreman. He was put in the county jail and his mother in Portland notified. It seems that Buster had escaped from the Reform school and made his way into this county and, not finding work, was trying to get back to Arlington but could not ride on the branch without money. He took the car and got to Arlington but was taken there by Marshal Sweetin and brought back here by Marshal Wheir. His mother arrived from Portland Wednesday night and the Superintendent of the Reform School came up last night. Mrs. Twigger has promised to take the boy and give him the care he should have and it is probable that this is all he needs.

The expenditures for the year were \$7333.23, leaving a balance on hand of \$1567.44. After this report the next matter of business was the election of a clerk. Mrs. Elffe Campbell and John P. Heas were nominated and 68 votes cast. Mr. Heas received 36 and Mrs. Campbell 32. John Jackson and Mrs. J. D. Weed were nominated for the office of director for three years and in the contest 71 votes were cast, Mr. Jackson getting 45 to 26 for Mrs. Weed. No further business was introduced.

The only alien woman to register in Gilliam county was Mrs. Alice Koch of Mayville.
