

100 PER CENT VALUES

**WE HANDLE NOTHING TO
SELL AT "HALF PRICE"**

The plain reason we are not offering our goods at half price is that every article you purchase at our store is guaranteed to be 100 per cent value. We can sell only cheap articles at a cheap price. Houses that advertise goods at half their real value must, in the nature of things, make up the shortage from other sales or misrepresent the article sold. They "rob Peter to pay Paul" and you are as apt to be Peter as Paul. To avoid this chance trade at the 100 per cent value store

them in desolation. If the war were to cease tomorrow, the toll of actual dead from starvation within the German lines would double or treble the 5,000,000 or 6,000,000 of men who have been actually killed by Germany and her allies in arms. The 10,000,000 people in occupied Belgium and Northern France would have died of starvation had it not been for us and the Allies.

We must build our food resources to stand ready for any demands upon us by the Allies. It is of no purpose to us to send millions of our best to France if we fail to maintain the strength of their men, women and children on our lines of communication. This United States is the last reservoir of men, the last reservoir of ships, the last reservoir of munitions and the last reservoir of food upon which the Allied world must depend if Germany is to be defeated and if we are to be free men.

Now is the time to eat and to preserve home grown products. Perishable fruits are coming on the market, the gardens are making available daily supplies of food that will take the place of the commercial canned articles that are needed for shipment abroad. Sugar has been made available for home canning purposes and the supply is good at the present time. The home garden and the canning of its products means more this year than it ever did before because it will play a very important part in keeping the fighting forces supplied with the kind of food they need at the time they need it most.

America expects every civilian to do his or her duty in the same spirit as she expects each soldier when the command comes, "TO GO OVER THE TOP" without turning to see if his neighbor had gone first.

We have often quoted that old verse, "Gather your roses while ye may," and we can well now change it to "gather your vegetables," for by so doing we can accomplish great good.

"We stand behind our boys in France and we will not call it a sacrifice but a privilege to do our bit toward feeding them Over There."—Emma V. Milliken.

Conserve, reserve and preserve all of these fine fruits and vegetables that are now within your reach; you will need them the coming winter.

By eating more perishables here at home we may save others from perishing "Over There."

FOOD CONTROL IN AMERICA IS OF AND FOR THE PEOPLE

OUR GREAT TASK

By Herbert Hoover.

If you could stand in the middle of Europe today and survey the land to its borders, you would discover its whole population of 400,000,000 human beings short of food. Millions of people in Poland, Finland, Serbia, Armenia and Russia are dying of starvation and other millions are suffering from too little food. Our Allies and the neutrals are living on the barest margins that will support life and strength.

This, the most appalling and dreadful thing that has come to humanity since the dawn of civilization, is to me the outstanding creation of German militarism. The Germans themselves are not the worst sufferers. They are extorting at the cannon's mouth the harvests and cattle of the people they have overrun, leaving
