## PATRIOTIC SONGS ARE IN ORDER

Chorus Organized to Sing at Various Meetings

Condon is to have a Liberty Chorus. This is something that has always been needed here and is organized in response to a request from the government that patriotic music be sung at every occasion having to do with national interests. Everyone is urged to join in hearty co operation with this movement and to lend their voices and show their patriotism in this way whenever occasion requires. Yesterday being Registration Day, a meeting was held last night at Graves & Graves' drug store and the organization was completed and the first rehearsal held. Those who missed this meeting are asked to watch for notice of the next and consider themselves invited to membership. Slides will be run at the picture show at intervals and the songs will be sung by the audiences. Songs especially requested are "Keep the Home Fires Burning," "Joan of Arc" and the "Long, Long Trail." Learn these songs at once and it will help to insure the success of the chorus.

"Carry On" — Let's Have Teamwork

WHO will best bring honor to his Town, his County, to Oregon, to the Nation, to Himself—the one who delays subscribing to the 4th Liberty Loan—or the one who steps forward willingly, promptly and VOLUNTARILY? You know and we know what the answer is. You are willing to subscribe, that is certain. But, will you do it PROMPTLY, and without being sought out and reminded of this duty?

To help put Oregon over the top FIRST—your application for 4th Liberty Loan Bonds must be in the hands of your bank—the local Liberty Loan Committee—BEFORE Saturday, September 28th. Don't wait a week, a day, AN HOUR. DO IT NOW. Being listed on Oregon's Honor Roll of "Volunteer" subscribers is the biggest patriotic distinction any man, woman or child can have.

## ALL SUBSCRIPTIONS MUST BE PAID IN ADVANCE IS NEW REGULATION

Globe subscribers are notified that, under the new regulations prescribed by the government war board, a weekly country newspaper cannot send the paper to any subscriber who is more than three months in arrears and must continue to drop any subscriber who becomes three months in arrears. The Globe will conform to this rule to the letter so if you miss your paper you will know the reason. However statements will continue to

be sent to all subscribers showing the date of their subscription and every subscriber on the Globe's list must pay in advance in the future. Even if you are only a month or a week in arrears you will receive notice to pay at once. This is a patriotic duty placed upon the newspaper publisher and it is hoped that all subscribers will co-operate by sending or bringing in the amount of their subscription when notified.

## HERB SCHILLING IS AT CAMP LEWIS

## L. E. FRY WRITES FROM FRANCE

Is Impressed by England's Beauty, Fine Crops

L. E. Fry is now in France and writes the Globe as follows: No doubt you and my friends in Condon will be glad to know that I arrived in France. We sailed from New York on one of the largest transports and we had a very pleasant trip as the water was not rough. We were very glad to reach Liverpool, England, and even in these strange surroundings, it was a pleasure to be on land again. We were given a great welcome on our way from the boat to where we entrained. I was very much impressed with the beauty of the country and the fine crops we saw on our trip across England to Southampton. We arrived in Southampton about 1 A. M. and marched three miles to camp for a few hours rest. We sailed from there through the English Channel to Cherbourg, France, where we rested for two days. Since then I have been over a large part of France and have passed through Paris twice. We can hear the roar of the big guns and at times get some real excitement. Aeroplanes are more common than birds. At times they are so high we can hardly detect them with the naked eye. I can easily understand now why so many are willing to risk their lives to become airmen. I am enjoying good health and having a good time. Will appreciate receiving the Globe every week.

John Weimar, Clem farmer, has ordered the next 52 issues of the Globe.

Miss Nell Goodwin will teach the Cooney school this year.

J. W. Myers never forgets his subscription to the home paper and comes in regularly every year to settle in advance. He was in this week.

## GILLIAM BOYS AT CAMP MEADE

Moving Toward Berlin; In Crack Battalion

The following letter was recently received from Camp Meade, Maryland, and was signed by George W. Caldwell, J. V. Edwards, W. E. Dunlap, Earle Rickard, H. E. Rice, Gordon Hall, A. N. Taylor, Roy Holland, P. T. Murphy and Romer Stephens, all Gilliam county boys:

Just a line from the boys that are in the east. We get to see our home paper once in a while and we would like to get it oftener if we could. We have been here a week, coming from San Francisco. We can't say that we were glad to come here for the west is the only place for a westerner. The people we have met here are all nice to us but we can see the difference in them and the people west of Salt Lake. The only feature of this camp is that we are nearer Berlin here than at Frisco. When we come here it means that it will not be long before we will be going over there. We are much better trained than any of the troops stationed here as this is only a receiving camp for recruits. Not many of them stay here long. We are going to the rifle range Monday and expect to make a mark for old Oregon as most of the boys in this regiment are from Oregon. The following is a clipping from The Philadelphia Record. "The 63 Infantry, the crack organization from California, made up a war strength battalion to serve as a Guard of Honor in Washington. The big six-footers made a fine showing there." Kindly send us the paper while we are in Maryland and some of us will write a few lines when we find anything of interest. With best wishes for our home paper.

Mrs. Esther Turner began teaching again this week at Pilot Rock. She has lived on her homestead in this county during the summer.
