NO. 27

NEWSPAPERS ORDERED TO CONSERVE; GLOBE PLEDGE IS SENT

The War Industries Board has issued a war order to all publishers which is far reaching in its scope and which contains the following mandatory provisions:

"Discontinue sending papers after date of expiration of subscription unless subscription is renewed and PAID FOR.

"Discontinue all sample copies.

"Discontinue giving copies to anybody.

"Discontinue giving free copies to advertisers.

"Discontinue all free exchanges with other papers.

"Reduce reading matter."

These rules have been made to save paper and on account of lack of fuel and help in the paper mills, the government having limited the fuel supply and taken every man possible out of the paper mills to be used in munition factories and other government industries.

No newspaper will be able to get any paper stock until its publisher signs a written agreement to live up to the order laid down by the War Industries Board. The Globe man has already sent in his signed agreement and in the future all the above rules will be followed to the letter. There is no alternative—the order is imperative. It is a war necessity and publishers and readers should not and, we believe, will not complain. Accordingly we are compelled to notify our readers that all subscriptions in arrears, if only for one day, must be paid at once or the paper will stop. We have only a short time in which to get in these back subscriptions so if you have received a notice, send in your check as soon as possible.

WILL WILKINS GOES TO OFFICERS' SCHOOL

The Weekly Flight, the newspaper published at Rockwell Field aviation camp, has the following to say of Will Wilkins, a Gilliam county boy, who is now top sergeant of squadron D in that camp:

"I'm a gosh-durned-rootin'-tootin' lady-killer, 'en I don't care if all the world knows, so there," says our gallant "top cutter." All this commotion was caused by the distressing fact that Sergeant Wilkins is being "vamped" by three I. W. W.'s all at one and the same time and he's all fussed up. Last night he called Ethel, Alice, and now war is declared. Go to it, Sarg.

The comic page of the same paper contains a cartoon of Wilkins which is easily recognizable. He is making good in various sections of the aviation service and recently was sent from Rockwell Field to the Officers' School at Camp Zachary Taylor at Louisville, Kentucky.

BROWN-NORCROSS

Thomas E. Brown and Anna Laura Norcross were united in marriage Monday evening at the Wheat City Hotel in this city. Judge Parker officiated in the presence of a few witnesses. Mr. and Mrs. Brown are both from Lone Rock and will make their home there.

EDGAR DUNLAP IS AT CAMP MEADE

W. E. Dunlap, who is a corporal in Co. M of the 63rd Infantry now at Camp Meade, writes to the Globe as follows:

I am writing to thank you for the Globe which is sent me each week. It surely makes us feel good to get it. When it comes all the boys from Gilliam are anxious to read it. There are five Condon boys in Co. M, Vern Edwards, George Caldwell, Isaac Cooper, Earl Rickard and myself. Howard Rice is in Co. L of the 63rd. We are all doing fine and working hard. We have just come in off the range and the 63rd has the best record of all the regiments that have gone from Camp Meade. I was made a corporal today and will have to work hard now for the three stripes. There are 45,000 men here now. They feed us fine and we get plenty of exercise so we are bound to gain weight. The people here call us the crack 63rd or the huskies from the woolly west.

CONDON HIGH SCHOOL OPENS MONDAY

Condon High School started Monday with thirty pupils in attendance. Ten more are expected to enroll later. Professor Shirk, Miss Ohling and Miss Payne were here for duty on the opening day but Miss Mulkey did not return, having secured a position in the Salem schools. Another teacher will be secured to fill the vacancy.

HULL-REED

Bruce Hull and Mrs. Velma Reed were married in Portland last week just before Mr. Hull reported for service at the U. S. Radio School in Seattle. Both are well known here. Mr. Hull taught the Mayville school for three years and Mrs. Hull is the daughter of Mr. and Mrs. W. J. Edwards of Mayville, pioneers of Gilliam county. Both have a large number of friends who wish them much success and happiness.

NEW VULCANIZING PLANT

The vulcanizing plant recently installed by L. E. Shelley in his garage is in full operation. George Waka, an expert vulcanizer, is in charge of the plant. Anyone having tires that need repairing can get service by sending them to L. E. Shelley's Garage. 27d

MOORE-RICE

Mervin Moore and Eva Irene Rice were united in marriage Wednesday evening at the home of Mrs. Mabel Couey in this city. Justice Wheeler performed the ceremony in the presence of the relatives and a few friends. A fine wedding supper was served by Mrs. Couey. These young people are well and favorably known here and are the recipients of many good wishes.

Clarence Jones wants the Globe and is on the advance list.

Miss Hazel Schott left last Saturday for Joseph to take up her work in the schools of that city.

Mr. and Mrs. George Neale left yesterday for their home at Central Point after spending the summer in and around Condon. Before going Mr. Neale ordered the Globe sent to him.

NINE MEN GO SOON TO CAMP LEWIS

During the week beginning October 7, Gilliam county has been called upon for nine more men for military service and the following have been notified to appear in answer to this call: R. H. Ferguson, R. W. Moore, M. B. Hines, Stanley Burres, J. F. O'Rourke, C. W. Anderson, A. B. Theobald, Dell Beeson, Ellis Fink and W. B. Crenshaw. This quota will go to Camp Lewis.

MORE BELGIAN PENNIES ARE ASKED FOR

Condon is falling far below the pace she set during the first ten days in the penny contributions for the Belgian children and attention is called to this for never was there a more worthy charity. In the first ten days the bottles around town yielded the sum of \$78 and during the next three weeks produced only \$48. Give all you can to keep these unfortunate little ones from starving to death.

FIRST BOND BUYER

R. W. Caseberg was the first to subscribe for a Fourth Liberty Loan bond. Mr. Caseberg lives in Sherman county but owns real estate in this county, having purchased the Hines ranch in Ferry Canyon.

GILLIAM ASKED TO SOW 60,000 ACRES

Gilliam county's quota of fall sown wheat this year is to be 60,000 acres or more. That is, the government has asked that this county sow at least that much this fall. In planning for more wheat next year than ever before the government is planning out the whole campaign for every farming district. This amount of acreage in fall wheat is not exceptional for this county, in fact there were more than 60,000 acres in fall wheat this year.

FRANK SMITH SELLS TO O. C. VEATCH

Frank Smith sold his grocery and men's furnishings business last week to O. C. Veatch and the latter will take possession October 1. Mr. Smith expects to be called into his country's service in the near future and is getting ready to go. Mr. Veatch has been in the grocery business here before and his patrons know they will get good service. L. L. Shreve will remain with Mr. Veatch.

Bert Lear has ordered the Globe for another year.

M. D. Shanks renewed his subscription this week and paid in advance.

QUESTIONNAIRES SENT RECENT REGISTRANTS; ADVISORS NAMED

The Local Board has mailed out the questionnaires to the recently registered men in the county and some of them are already filled out and returned. The first one to be returned was that of Glen Graves. Registrants have only seven days in which to get these back to the Board. The Advisory Board has named assistants in all parts of the county to assist the registrants in filling out questionnaires properly. The headquarters of the Board in Condon are in Supt. Sturgill's office in the courthouse and a member of the Board will be there during the hours of 9 to 12 A. M. and 1 to 5 and 7 to 9 P. M. Assistants to the Advisory Board are as follows: D. N.
